THE NATIONALIST ACTION LEAGUE

Its Aims, Principles and Programs --

The NATIONALIST ACTION LEAGUE, 876 Granite St., Philadelphia 24, Pa., is an organization of loyally patriotic Americans who have united together to oppose, by lawful and constitutional means, the further spread of such un-American doctrines as Communism, Political Zionism and World Federationism-- all of which movements aim toward altering our form of Government and/or using huge sums of American tax dollars to finance foreign causes.

The NATIONALIST ACTION LEAGUE is a unique organization, in that it takes the position (which most other groups seem to find "old-fashioned" and "reactionary") that an American's devotion and concern should be primarily concerned with the welfare of his or her own Nation and People. Especially do we believe that such should be so with our local, State and National Officials. Having been elected and appointed by authority of the American Voters, and drawing their salaries and other income from the labors of the American Taxpayer, we feel that it is not too great a favor to request that they forget the demands of foreign groups and causes, in order to devote their full energies to solving the great American problems facing our citizens at home.

OUR PROGRAM - 1. We fully support the Constitution of the United States of America and the laws thereunder created. We especially uphold the true civil rights of ALL American citizens, including Freedom of Speech, of the Press, and the Right of Peaceable Assembly. We denounce, however, the attempts being made to pass legislation which would FAVOR RACIAL AND OTHER MINORITIES ABOVE THE WHOLE AMERICAN PEOPLE. We also denounce the un-American tactic of creating racial pressure and voting blocs, to be used for the purpose of forcing thru various legislation of benefit only to foreign political causes.

2. We believe that the People of America are capable of ruling themselves without the meddling interference of foreign governments or that international monstrosity, the United Nations. We oppose the spending of BILLIONS OF AMERICAN TAX DOLLARS on the UN, "loans" and outright gifts to foreign regimes (many of them Socialistic), and other non-American enterprises. Instead, we favor an increased budget for true National Defense, under the guidance of our U. S. Army and the National Congress.

3. We condemn the shipment of millions of Europe's misfits into America at a time when native-born and long-naturalized citizens cannot find decent housing, and when food, fuel and other living commodities are in short supply. Let us appropriate reasonable funds for feeding and housing truly hungry and homeless human beings overseas, but let us not place their welfare before that of our own needy citizens.

4. We declare that present-day taxes are so high as to be considered disguised CONFISCATION OF WEALTH. We call for a CONSTITUTIONAL LIMITATION OF THE GOVERNMENT'S POWER TO TAX, which power has been shamefully abused in the interests of SQUANDERING AMERICAN TAX DOLLARS ABROAD. We further favor a comprehensive program of MONEY REFORM, economies in the cost of Home Government, and immediate liquidation of our National Debt.

5. Our program is to circulate truthful data concerning Communism, Zionism, and World Federationism; to enlighten the people concerning the way to TRUE PROSPERITY AND NATIONAL SECURITY by strictly American and Constitutional means.

If YOU approve of our AMERICA FIRST program and want further information on our program, activities, etc., please write to us. Address your letters to:

counties. Through plans for "urban renewal" and other devices of "regional planning," these better administered communities and counties face actual incorporation into the cities from which many of their citizens fled to escape crushing taxation and related big city problems. This program, fostered by the Administration at Washington in concert with ultra-liberal state and city politicians in BOTH Parties, poses a mounting threat to local self-government. I believe in the preservation of our traditional county and township-borough divisions of governmental authority, and I oppose all big city annexations of surrounding communities unless approved by a substantial majority of the citizens involved, who should be guaranteed the right to vote upon all such proposals. This especially applies in the communities and counties adjoining Philadelphia, where the big city ADA-Democratic machine is promoting this power grab.

WORLD GOVERNMENT: The surrender of U. S. sovereignty under any form of world government or world federation would subject our citizens to rule by a coalition of foreign powers whose peoples have never known freedom as it is understood in the United States of America. World peace will not be furthered by stripping this Country of its independence, but by the development of strong alliances between the nations of the free world which have the power and the will to preserve it.

FREE ENTERPRISE: I favor government enterprise only in those areas where vital goods or services are unavailable from private business or industry at competitive market rates. I would support legislation to liquidate Federal enterprises which now compete with privately-operated trade and services. Such competition is economically unsound and seriously impedes the Nation's growth and contributes to high taxes by reducing taxable income.

I shall be discussing these and other issues as the April 28th Primary approaches. I hope to have your support in reaching every voter with this message and pledge.

WE NEED INDEPENDENT PUBLIC SUPPORT

This campaign is being supported by INDEPENDENT REPUBLICANS OF PENNSYLVANIA, organized in January, 1961, to represent that body of rank-and-file Republicans who believe in a conservative, constitutional approach to the problems which confront us on local, state and national levels of government.

As independents, we have no ready-made campaign chest supplied by \$1,000-a-plate fund-raising dinners. To reach Pennsylvania's 67 Counties with our message, and to assist our candidate to acquaint the voters of this great Commonwealth with his views on the issues which may decide the April 28th Primary, we must call upon all who are in fundamental accord with the Pledge which he has made in this flyer to contribute to its statewide distribution and to the costs of preparing further material which will explore these subjects in greater detail.

We are therefore offering this flyer for local redistribution at quantity prices based on actual printing and mailing costs. Beyond this, we are soliciting small campaign contributions of \$5.00, \$10.00, \$25.00, \$50.00 or \$100.00 to pay for radio, TV and newspaper coverage, and the many other expenses involved in a statewide campaign.

If you want the views here presented to be carried into the U. S. Senate, we urgently appeal for your active support NOW, and your vote on Tuesday, April 28th, 1964.

INDEPENDENT REPUBLICANS OF PENNSYLVANIA
11612 DePue Avenue, Philadelphia, Pa. 19116

Gentlemen:

I want to support W. HENRY MacFARLAND for nomination as our Republican candidate for the U. S. Senate. I enclose \$_____ for _____ copies of this flyer for redistribution (\$2.00 per 100) and/or as a contribution to his campaign.

FOR U.S. SENATOR

W. HENRY MacFARLAND

IN THE

REPUBLICAN PRIMARY ELECTION

TUESDAY, APRIL 28, 1964

A GENUINE REPUBLICAN CHOICE

Here at last is a Republican Candidate with the courage to take an honest stand on the BIG ISSUES of the 1964 campaign, and he deserves YOUR support. Help the GOP to offer the voters of Pennsylvania a genuine CHOICE at the polls next November, by actively supporting W. HENRY MacFARLAND for the Republican Senatorial nomination at the April 28th Primary.

MY PLEDGE TO THE REPUBLICAN VOTERS OF PENNSYLVANIA

In asking your ACTIVE support of my campaign for the GOP nomination for United States Senator in the April 28th Primary, I first of all want to pledge that I will take a clear and forthright stand on the great and controversial issues which face us, as Americans, in this historic national election year, 1964.

In the campaign, I shall not resort to political double-talk, nor make foolish promises which I know in my heart I cannot fulfill, nor compromise my fundamental PRINCIPLES for the sake of obtaining the votes of any special interest or organized pressure group.

My campaign will be based on the PUBLIC and PARTY ISSUES which concern us all, and not on personal attacks upon, nor abuse of, my opponent, and I will not permit any individual or group acting on my behalf to violate this basic code of decency and political responsibility.

Finally, I shall offer the Republican electorate of Pennsylvania a genuine CHOICE at the polls. I don't believe we can build a strong GOP, either statewide or nationally, by nominating candidates who either share most of the views of their Democratic opponents, or who seek to win votes by adopting whole planks from the platform of the New Deal, Fair Deal, New Frontier-ADA encampment.

Ours is a two-party system, and the two parties should represent an honest choice in principles, and not simply two organized bodies seeking access to the tax-supported public payroll.

With this in mind, the following represents my stand on the leading specific questions upon which a United States Senator would be required to take action:

WORLD COMMUNISM: The World Communist Conspiracy poses both an armed menace from abroad and a grave subversive threat from within. During the past thirty years, almost every EFFECTIVE organization and individual in the anti-Communist ranks has been maligned as "reactionary," "alarmist," "extremist" or worse. As a result, half of Europe and Asia are behind the Iron Curtain, a Soviet government operates 90 miles from our Florida coast, and the man whom the American People elected as President of the United States lies dead in Arlington Cemetery. I associate myself with those who have been warning the Nation of such tragedies since this Country first recognized the Soviet Union in 1933, and will have more to say on the question of developing a sound and effective anti-Communist foreign and domestic policy, as the campaign progresses.

FEDERAL POWER: Individual freedom, political, economic and social, is menaced by the increasing concentration of Federal power in Washington. I believe in keeping government as close as possible to the people, both to preserve liberty and to limit wasteful spending which impoverishes the productive members of our entire society.

THE SUPREME COURT: The U. S. Supreme Court has more and more usurped the powers of the Legislative Branch of our Government, and its actions in this area must be reversed and controlled. I favor the proposed Constitutional Amendment to create a Court of the Union, to reverse Supreme Court decisions which invade the rights of the States and of the individual citizen.

THE BIBLE BAN: On the day the U. S. Supreme Court ordered the Holy Bible removed from the Nation's public schools, it restored to the U. S. mails a pornographic magazine catering to homosexuality. I denounce this decision and urge the adoption of the proposed Constitutional Amendment to once again permit the Bible to be read in the classrooms of Pennsylvania and the Nation.

CIVIL RIGHTS: It is our duty as Americans to insist that the proper legal rights of all of our citizens are strictly observed and protected. In the increasing nationwide agitation being carried on under the slogan of "civil rights," however, a number of objectives being sought involve special privileges for politically-favored pressure groups and a tremendous expansion of naked Federal power over the states, local communities and the individual citizenry. Because it includes many of these improper objectives, I oppose the pending Civil Rights Bill which is now pending before the U. S. Senate. I also specifically condemn local schemes to destroy the neighborhood school concept, by forcibly bussing children to areas far removed from their home surroundings, and the recruiting of "mass marchers" from other cities and states to coerce local communities by the force of mob action. As a law-abiding people, change (when favored by either majority or minority opinion) must be brought about by legal and constitutional means, after free public discussion of both the pros and cons of the issue involved. In the present "civil rights" agitation, the tactics being used are rapidly coming to menace the entire fabric of law and order, as well as the fundamental rights of free speech and a free press for those who raise lawful objection to either the aims or methods of the pressure groups. I call upon true lovers of liberty to protect the rights of all to freely discuss and debate this crucial issue, and insist that both sides conduct their arguments within the framework of respect for law and order.

METROPOLITAN GOVERNMENT: As a result of fiscal irresponsibility in managing revenues in the big cities, most of their governments are heavily in debt and verging on insolvency, despite federal and state hand-outs. To remedy their deficiencies without curtailing the waste and give-away programs which perpetuate the power of their political machines, these cities are increasingly reaching out to control and tap the wealth of surrounding residential communities and entire adjoining

I. BACKGROUND

The following information regarding H. HENRY MacFARLAND, Jr., is set out in summary form, portions of which will appear in greater detail in other sections of this report.

MacFARLAND resides at 876 Granite Street, Philadelphia, Pa. [redacted] (1/10/50). The Headquarters of the Nationalist Action League, of which the subject is National Director, are located at this same address. [redacted] (2/28/49) b2

The records of the Bureau of Vital Statistics, City Hall Annex, Philadelphia, were reviewed by the writer and it was determined that WILLIAM HENRY MacFARLAND, Jr., a white, male, child was born at Philadelphia on May 19, 1921 to WILLIAM E. MacFARLAND and [redacted]. The subject was listed as the first child born to WILLIAM and [redacted].

MacFARLAND's right eye was injured during birth and for all practical purposes is sightless. At the age of six weeks his left leg was injured during the course of an operation and this has required him to walk with a noticeable limp. [redacted] (5/11/49). b2

[redacted] Philadelphia Board of Education, 21st and Parkway, reviewed educational records of the subject for the writer and advised that his records indicate that the subject entered with Wilson School of Philadelphia on September 10, 1929, and that he attended this school until May 24, 1932, at which time an exemption permit was issued to the subject. [redacted] surmised that this exemption permit was issued due to some physical illness of the subject inasmuch as during the period he had attended school, he was absent a large percentage of the time. [redacted] advised that he had no other record of the subject's attendance at any other school in Greater Philadelphia. b7C

The only known source of income or employment for the subject is through membership dues and donations from contacts that the subject has acquired through his directorship of the Nationalist Action League, according to information obtained from [redacted] and [redacted] throughout the course of this investigation. b2

In September of 1949, MacFARLAND's father indicated that the subject had in his possession an index of over 200 names and that from this index he receives money in the form of donations from persons living throughout the United States. [redacted] (9/16/49)

Previous employments of the subject known to this office include the following:

In September, 1949 it was reported that the subject had recently been used as an announcer for the transcription of a radio broadcast made by UPTON CLOSE. According to the informant, CLOSE owns a publication known as "News Letter" and is the leader of a chartered non-profit organization known as "Broadcast Incorporated," both organizations being located in Washington, D. C. [] 9/22/49). b2

In August of the same year, it was reported that the subject had been offered a position with CLOSE in Washington, D. C. The informant stated that this position was in the nature of office work and that MacFARLAND was to be paid \$50.00 per week, half of this sum coming from the funds of "News Letter" and the other half from "Broadcast Incorporated." The informant advised that MacFARLAND did not accept this position. [] 8/15, 18, 25/49). b2

MacFARLAND from September 15, 1945 until June 1, 1949 published a mimeographed semi-monthly newspaper entitled, "National Progress". [] 6/7/49). b2

According to information received from informants, the subject has on various occasions received payment for mimeographing material at the request of the National Blue Star Mothers of America. [] 12/2/47; [] 6/22/48; [] 10/6/49).

During the summer of 1947, the subject went to Detroit, Michigan and cooperated in the establishment of an anti-Communist Seminar, which was under the sponsorship of the Christian Nationalist Party, led by GERALD L. K. SMITH. [] 10/21/49). b2

MacFARLAND advised an informant that during this period of employment in Detroit, he received only \$18.00 per month. [] 8/18/49). b2

During the greater part of World War II the subject was employed by the United States Army, Office of Supply, located in the Broad Street Station Building, Philadelphia, Pa. His salary was \$1900.00 per year and he advanced from the position of clerk to that of expeditor. This employment terminated in the Spring of 1945. [] 5/11/49).

b2
b7D

The same informant advised that the subject had attempted to enlist in various branches of the armed forces and in the Merchant Marine Service prior to his civilian Army employment, but that in all instances he was rejected because of his infirmities. [] 5/11/49) b2

II. ACTIVITIES AND POSITIONS HELD b2
NATIONALIST AND ANTI-COMMUNIST ORGANIZATIONS
AND PUBLICATIONS

There will be set out hereinafter, items of information to show MacFARLAND's connection with the following organizations and publications.

1. The Christian Nationalist Crusade b2

This organization according to [] is under the directorship of GERALD L. K. SMITH, who according to the informant is the founder of the America First Party, publisher of a newspaper entitled "The Cross and the Flag" and editor of a pamphlet entitled, "The Letter". SMITH has indicated a strong nationalist policy in his activities with these organizations and publications, being most critical of Communist and minority group control of government.

2. National Progress

b2 [] advised that this publication was launched in September, 1945 and that it was edited and published by the subject. The policy of this newspaper according to the informant, was as follows:

"To establish and maintain the philosophy that internationalism and all of its works represent a threat to the welfare of the American nation and its citizens, both of which must be placed first in any and all considerations of domestic or foreign policy, and to supply the American people with vital information neglected by almost every orthodox newspaper concerning the inner-workings of Communism, Socialism, Zionism, the United Nations and the International Statism and their plans for altering the Republican form of Government and spending our wealth and blood in behalf of foreign political causes." [] 5/6/48), b2

3. The National Blue Star Mothers of America.

This organization is listed as a Fascist organization coming within the purview of Executive Order 9835.

4. The Committee for Nationalist Action

This organization is listed as a Fascist organization coming within the purview of Executive Order 9835.

5. Action Report

6. The Nationalist Action League

This organization is listed as a Fascist organization coming within the purview of Executive Order 9835.

7. Common Sense

b7C

This semi-monthly newspaper is edited by [] at Union, New Jersey. A review of copies of this paper has indicated that it became the official organ of the Nationalist Action League on June 1, 1949. The paper calls itself "the nation's anti-Communist newspaper". No policy for "Common Sense" has been made available to this office.

8. The National Renaissance Party

b2 [] advised that this organization is directed by [] of Beacon, New York and that it operates under the following program, a summary of which follows:

To oppose Pacificism because states and individuals survive only by strength.

To oppose MARX inspired doctrines of internationalism because the laws of God and nature teach us that racial pride and purity as well as the authority of the leader are required to lead a nation to glory of culture and national strength. To gain honor for the American people so that this nation will bow in homage before its own history and heroes, but will curse and destroy any race which would damage its honor.

To wake the people from the false and Semitic dream of democracy and lead them to an Aryan-Angle Saxon world of culture, responsibility and recognition of duty.

To save America from its parliamentary betrayers by destroying the false belief that we should become a satellite and supporter to that world powerhouse, the United Nations.

9. The Loyal American Group

103 This is an organization containing associates of [redacted]
107 According to [redacted] who made information available on August 5, 1949, the organization was rabidly anti-Semitic. B. SUBJECT'S ACTIVITY RESULTING FROM LISTING OF
HIS ORGANIZATIONS BY THE ATTORNEY GENERAL

The informant furnished a preliminary statement by MacFARLAND to be released on May 3, 1949 regarding the appearance of the Nationalist Action League and the Committee for Nationalist Action, both organizations having been under the directorship of MacFARLAND, on the supplemental list of subversive organizations released to the press on April 27, 1949. The following is a summary of that statement:

"In view of the fact the members of both organizations are loyal and patriotic citizens, whose sole purpose in organizing has been to oppose foreign entanglements and unconstitutional alterations in our fundamental American form of government," the Nationalist Action League and the Committee for Nationalist Action authorized MacFARLAND to seek the removal of both organizations' names from the list prepared in the offices of Attorney General CLARK. In view of the position taken by the Department of Justice, MacFARLAND indicated that it was interesting to note that prior to releasing his first edition of the publication, "National Progress" in 1945, he addressed statements to the Attorney General indicating that he would send copies of the publication for review. According to MacFARLAND, a reply was received from a subordinate of this Department, stating that they were not interested in receiving copies.

MacFARLAND advised in his statement that the Committee for Nationalist Action operated for a limited time during the Democratic and Republican National Conventions of 1948. Following the adjournment of those Conventions, the Committee was dissolved. The inclusion of the Committee's name on the list issued by the Department of Justice, is, according to MacFARLAND, curious, in view of the fact that it has been out of existence for approximately one year.

MacFARLAND stated that the Nationalist Action League was formed on Friday, October 29, 1948 and committed itself to the task of opposing by Constitutional means, the influences of Marxism, Communism, Socialism, Political Zionism, and World Federationism. He stated that the organization has given unqualified support to the lawful republican form of government and advised that the League's entire efforts have been directed toward opposing doctrines,

ideologies and groups which have proved themselves hostile to the ideals of undivided loyalty to our nation. The appearance of the Nationalist Action League as an allegedly subversive organization was a total and unexpected surprise to members of the League, since none of the organizational members have ever been questioned by the Justice Department officials, nor have they been provided with the opportunity to submit a written or oral statement of the aims and objectives of the group.

On the basis of the above, the League requests that its name and the name of its predecessor be removed from the allegedly subversive list, or that its Director be granted an opportunity to present such evidence to the Department of Justice as to accomplish this result. In conclusion, the League invited a complete investigation of its activities, by the Office of the Attorney General, the Federal Bureau of Investigation or the House Committee of Un-American Activities. [redacted] 5-2-49) b2

After the release of the statement by MacFARLAND denying the validity of the allegations made in the subversive list prepared by Attorney General CLARK, MacFARLAND was advised on May 25th by PEYTON FORD in behalf of the Attorney General that the data submitted by MacFARLAND as an attachment to his statement was not sufficient to complete the removal of the League or the Committee for Nationalist Action from their assigned Fascist classification. MacFARLAND said that the reply also advised that Executive Order 9835 under which the Attorney General acted, provided no provisions for public hearing review or investigation, as requested by MacFARLAND. [redacted] 6/14/49) b2

MacFARLAND on May 26, 1949 in answer to this communication, stated that he requested the Attorney General to issue a Federal warrant for his arrest and trial, in order that the organizations which he represented might gain an opportunity to defend themselves. [redacted] 6-14-49) b2

In addition to the Attorney General's Office, MacFARLAND sought public hearing before the President's Loyalty Review Board and the House Committee on Un-American Activities. [redacted] 6-14-49) b2

The June 15, 1949 edition of Common Sense under the title "NAL Cleared by WOOD Committee," reflected that on May 25th in a letter addressed to his colleague, Representative JOHN BELL ILLINOIS, the Honorable JOHN S. WOOD,

Chairman of the House Committee on Un-American Activities, stated that the body which he heads does not hold the Nationalist Action League or the Committee for Nationalist Action, both publicly labeled by the United States Attorney General's Office on April 27th, as being either subversive or Fascist.

C. INDICATIONS OF LESSENERD ACTIVITY AND FACTIONALISM

b2
b7D [] has advised that a large number of women associated with the National Blue Star Mothers of America have become members of the Nationalist Action League.

b7C [] the National Blue Star Mothers of America advised in November of 1948 that money contributed by members of the organization would now be turned over to Mr. MacFARLAND's new league. b2 [] (1/12/48).

During August of 1949 the National Blue Star Mothers indicated that they would again publish various mimeographed pamphlets something they had not done for a period of time. MacFARLAND said that undoubtedly this had resulted from the fact that the Blue Star Mothers were on poor terms with the Nationalist Action League. He felt that disagreements between the organizations had resulted from the league's taking full credit for the various defeats of the Fair Employment Practices Commission Legislation during recent months. [] (8/1/49) b2

In early November of 1949 MacFARLAND advised the informant that the trouble between the Nationalist Action League and the National Blue Star Mothers of America was continuing. The subject stated that he was doing everything possible to keep them in agreement with his League, but that apparently they felt that he was receiving money from [] the National Blue Star Mothers and that he was not reporting the receipt of this money to his organization. MacFARLAND said that accusations of this sort were unfounded and that any money he had received from [] had been reported [] (10/4/49). b2

In August of 1949 it was reported that the Nationalist Action League and "Common Sense" were in disagreement. According to MacFARLAND the merger between the League and "Common Sense" was made without MacFARLAND's knowledge.

of a large debt which the newspaper owed. MacFARLAND felt that he should have been advised of this debt prior to the merger and did not feel inclined to obtain donations from various members of the Nationalist Action League in order to aid "Common Sense". MacFARLAND felt that his members would not care to donate to such a cause inasmuch as the debt was not incurred during the period of the agreement. [redacted] 8/1/49) b2

A further cause of disagreement was the fact that [redacted] "Common Sense" had attempted to bill MacFARLAND for publication of Nationalist Action League news in "Common Sense". According to MacFARLAND, [redacted] wanted him to pay \$10.00 for each one-half page spread. The subject indicated that he could obtain a one-half page in various publications for this amount and felt that it did not indicate a true merger between groups. The same informant further advised that [redacted] was in disagreement with the subject regarding certain of his associates in New York City. The informant was unable to give further information regarding these associates, [redacted] 8/1/49).

A review of issues of "Common Sense" since the August 1, 1949 edition was made by the writer, and no information pertaining to the Nationalist Action League was found therein.

In December of 1949 it was reported that the Nationalist Action League was no longer allowed to meet at the Whittier Hotel in Philadelphia and b2 further that no new meeting place had been located. [redacted] 12/14/49).

Confidential Informants [redacted] have been contacted but were unable to advise of any meetings of the Nationalist Action League since November, 1949. The same informants stated that there was no indication that the subject would reactivate his newspaper "National Progress".

In January of 1949 the subject became worried about rumors and gossip that reached him through various Nationalist sources concerning his character and associates. MacFARLAND felt that these statements had originated with GERALD L. K. SMITH and that the reason for the statements was that SMITH was not in accord with some of MacFARLAND's associates in New York City. [redacted] 11/18/49)

In June, 1949 MacFARLAND indicated that GERALD L. K. SMITH had accused him of instituting a faction against The Christian Nationalist Crusade. MacFARLAND

PH 105-425

denied any such action and felt that SMITH should well realize that he would cooperate with him inasmuch as they were both interested in Nationalism. [redacted] 11/18/49).

In August, 1948 MacFARLAND showed the informant a letter that he had received which stated that the subject should get out of the Nationalist movement inasmuch as he was holding it back. According to the informant, the anonymous letter asked the subject to take some friendly advice and leave things to persons who are more familiar with Nationalist activities. [redacted] 8/10/49.)

III. SUBJECT'S ACTIVITY REGARDING ORGANIZATIONS
IN OPPOSITION TO HIS BELIEFS.

During the early Fall of 1949 MacFARLAND and members of the Nationalist Action League actively attended various functions sponsored by the Communist Party.

[redacted] 8/5/49).

MacFARLAND sent out invitations to various veterans groups, with the exception of the Jewish War Veterans, regarding Communist Party meeting to be held September 29, 1949 at Reynolds Hall, 1416 North Broad Street, [redacted] 9/26/49).

An informant made available to this office a copy of the pamphlet issued by MacFARLAND, which advised that the purpose of this "Red sponsored affair" was to agitate Communist elements in Philadelphia in preparation for the appearance of PAUL ROBESON during the middle part of October.

According to MacFARLAND, it was "ROBESON who led an organized band of hoodlums" in mass rioting in Peekskill, New York on September 4th. He sent [redacted] He has publically expressed his love for the atheistic and liberty-destroying Bolsheviks. He has sought to portray the American Negro People as traitors to their Country, by stating that they will not defend it in case of an attack by the Soviet war machine." MacFARLAND continued his notice with the statement that "We want no Communist-led rioting in Philadelphia, such as that which terrified the loyal citizens of Peekskill, N. Y., on September 4th! We therefore call upon all civic, religious, veteran and patriotic groups to join with us, on the evening of September 29th, in letting the Communists know that the great majority of Philadelphians are opposed to their program of treason and violence."

MacFARLAND requested that "all loyal Americans gather on the evening of September 29th in an orderly and peaceful fashion, to serve notice upon the Communists there assembled that while they are free to meet together under the provisions of our U. S. Constitution, their disloyal use of this freedom is not going un-noted."

In conclusion MacFARLAND advised in his notice that "In the European countries now enslaved by the Soviets, the so-called 'silent treatment' was at first employed. It did not stop the Marxist plotters, but rather it aided them in gaining a firm foothold which was later to bring them revolutionary success. We, in America, must not commit the same folly. We must let the Red elements know that we are vigilant and aware of their anti-American maneuvers."

This announcement was signed "The Citizens Committee to Expose Communism," 876 Granite Street, Philadelphia, Pa. MacFARLAND was listed as Chairman of the Committee. [redacted] 10/13/49). b2

On the evening of September 29, 1949, Special Agent [redacted] b7C observed the following:

At 8:20 PM, three women, whose names were not known, but who have been seen associating with MacFARLAND in a previous League activity, were seen to enter the 30th anniversary meeting of District 3, Communist Party, U.S.A., held at Reynolds Hall, 1416 North Broad Street. At 8:40 PM, MacFARLAND and three other women, whose identity was not known, were observed standing in front of Reynolds Hall. No additional activity was noted.

According to an informant, the "pro-ROBESON meeting" was actually the 30th Anniversary Meeting of the Communist Party, USA, District No. 3. During the meeting, [redacted] Communist Party, USA, District 3, indicated that "hoodlums" were outside the hall, and he believed that they would "perform another Peekskill." He said that the "hoodlums" were very much surprised to see that the Party members were a fighting group that would stand for no foolishness. [redacted] continued by saying that the "hoodlums" outside were not to be underestimated; that they were out to kill; and that the Party must stand shoulder to shoulder in the fight to preserve the Democratic way of life. [redacted] 10/3/49). b2

MacFARLAND said [redacted] the concert to be held by PAUL ROBESON at the Met on October 14, 1949 is to be picketed by veterans groups. He intended again to notify local veterans groups and request that they picket such a gathering. [redacted] 9-26,29-49) b2

The informant made available a ticket to the ROBESON concert which announced as follows:

"The Committee of One Thousand presents PAUL ROBESON at the Met, Broad and Poplar Streets at 7:30 PM, October 14, 1949."

The same informant offered a mimeographed pamphlet entitled "Committee of One Thousand," which described the Committee as being composed of "youth, veterans and students who feel that PAUL ROBESON should be allowed to speak." According to the notice, the Committee of One Thousand "protest the violence that occurred at Peekskill and the attacks against the civil rights of the negro people." [redacted] 10/18/49) b2

On the evening of October 14, 1949, Special Agent [redacted] observed the following: b7C

b7C At 8:30 PM, MacFARLAND, [redacted] and three other women, whose names were not known, but who have been seen associating with MacFARLAND in previous League activity, were observed standing at the corner of Broad and Poplar Streets observing the activity at the "ROBESON Rally." The group did not picket or heckle the meeting and at no time was the presence of any veterans organizations noted.

During recent months MacFARLAND and members of the Nationalist Action League have shown great interest in meetings of the United World Federalists an organization with which they disagree as to policy due to the latter's desires for world government. In November, 1949 MacFARLAND indicated that he would attend a meeting sponsored by the United World Federalists to be held at the Friends Meeting House in the Frankford Section of Philadelphia. According to MacFARLAND a news broadcast of a local Philadelphia station had indicated that trouble was anticipated at this meeting and that police protection was requested. [redacted] 11/15/49). b2

On the day following this meeting, MacFARLAND advised the same informant that seventeen or eighteen people from both sides were in attendance, and that the persons in opposition to the World Federalist Movement finally broke up the meeting by asking embarrassing questions. [redacted] 11/16/49). b2

On the evening of November 16, 1949 the subject and members of the Nationalist Action League attended another meeting of the United World Federalists at the Friends Meeting House, 5400 Germantown Avenue. The informant stated that the subject believed that FBI agents were present at this meeting and for that reason his group remained quiet and asked no questions of the United World Federalists. [redacted] 11/16/49). b2

On December 5, 1949 MacFARLAND and members of his group attended a United World Federalist meeting at the George School, Newtown, Pa. MacFARLAND advised the informant that [redacted] b7

[redacted] was the main speaker at this meeting. MacFARLAND said that neither he or any of his members made antagonistic remarks during this meeting. [redacted] 12/5/49). b2

MacFARLAND learned of the United World Federalists of Pennsylvania third annual assembly to be held at the Harrisburg Hotel, Harrisburg, Pa., on December 10, 1949 and advised that he was making plans to break up this assembly. He said that he had requested permission to speak before the group and that he intended to start out along a friendly vein and then to "blast" them for their beliefs. [redacted] 12/11/49) b2

An informant made available a press release of MacFARLAND's regarding the meeting of the United World Federalists in Harrisburg which is quoted as follows:

"Speaking without the benefit of a prepared script, Mr. MacFARLAND told the assembled delegates and officials that he had come into contact with United World Federalist activities with an open mind, but that attendance at UWF meetings and a 'comprehensive study' of the organization's literature have since convinced him that its aim is 'to abolish the United States of America, as we know it today.'

"Mr. MacFARLAND directed criticism against what he called 'the propaganda tactics of the United World Federalists.' He cited its efforts to win support by the 'conscious development of a fear psychosis' with regard to the atom bomb and bacteriological warfare, and expressed indignation that this practice should be carried before audiences of 'sensitive and impressionable teen-agers' in schools and colleges throught the Country.

"In concluding his remarks, the 28 year old Philadelphian warned his audience that 'Americans are at last awakening to the menace implicit in the establishment of a super-World State,' and cited the fact that 400 delegates to the recently-held convention of the California Council of Republican Women have called upon the Legislature of that State to rescind its approval of World Government at the next session. In Pennsylvania, he said, such a resolution will never be passed in the first place." [redacted] 12/14/49) b2

On December 11, 1949 the informant discussed the United World Federalist Assembly with the subject, at which time MacFARLAND advised that he attended and spoke at the meeting, but that the World Federalists were most courteous and for that reason he believed that they had arrived at a planned action. MacFARLAND said that because of their actions he did not "blast" them, but instead made a simple appeal that they consider carefully any proposals prior to taking any action toward the development of a world structure. IV. MISCELLANEOUS

The following article published in New York City in January, 1948 is being set out in order to indicate the subject's attitude toward the Buckley Bill, a piece of legislation the purpose of which is to outlaw anti-Semitism.

The January 1948 issue of "Jewish Life," a publication issued monthly by the Morning Freiheit Association, contains an article on Page 22 entitled "Who Opposes The Buckley Bill?" by WILLIAM LEVNER.

The Sunday edition of the Worker dated January 9, 1944 on Page 3 sets forth an article by WILLIAM Z. FOSTER, Chairman, Communist Party, USA. This article states that "The 'Morning Freiheit' is one of many papers either owned or supported by the Communist Party."

The following portions of the article "Who Opposes The Buckley Bill?" are quoted:

"The Buckley Bill is actually the first measure in Congress designed to curb anti-Semitic agitation in a practical manner.

"In attacking the Buckley Bill, anti-Semites wrapped themselves in the American Flag and screamed that their Constitutional rights are in jeopardy. Typical is the campaign now waged by an old Fascist and anti-Semite, one W. HENRY MacFARLAND, JR., whose headquarters are at 876 Granite Street, Philadelphia, Pa., and who serves as coordinator of various anti-Semitic outfits in the area.

"In writing Congressman BUCKLEY, sponsor of the Bill, MacFARLAND states: 'When I first reviewed your Bill in my periodical some months ago, I explained its provisions and went on to make the statement that, should it be passed into law, I should consider it my duty to commit a definite violation of the new statute in order to gain a clear cut legal decision as to its Constitutionality. I am not in a financial condition which would even so much as permit me to meet the bail which might be set until a hearing of the case, but as an American citizen, I would prefer months or even years of physical imprisonment to the greater tyranny of the abridgement of the first article in the amendments in the United States Constitution.'

"MacFARLAND calls on the first amendment of the Constitution to defend his right to disseminate such monstrous libels as Jewish Ritual, Murder, The Atom Plot, Jewish Bolshevism and other filth and nauseum. On sending out his attacks on the Buckley Bill, MacFARLAND generally encloses such poison tracts as 'Has Congress Abdicated to International Jewry?' "National Progress," 'FEPC Is Communistic, Regimentation, Unconstitutional'."

The article subsequently quotes again from MacFARLAND's letter as follows:

"Representative BUCKLEY, I am a publisher of a small mimeograph periodical in which I have upon many occasions felt it necessary to criticize Jewish organizations and their spokesmen for their un-American attempts toward the suppression of Constitutionally assured rights, and the coercion of American citizens who oppose FEPC, the RIO, the UN and other projects favored by the majority of Jewish groups in this nation. Because of this fact, the Bill which you have introduced would directly effect my right to criticize those forces, and I oppose it on Constitutional grounds."

The following report made available by an informant of this office indicates MacFARLAND's activity during the National Conventions of the Democratic and Republican Parties in Philadelphia during the Summer of 1948. This information is contained in the August 1, 1948 issue of "Action Report" which was made available to this office. According to MacFARLAND various local groups of Nationalists cooperated with out of town Nationalists during the period covered by the conventions. He stated that several meetings were held by this group and that pamphlets and other pieces of literature were distributed during the convention. During the Democratic Convention it was reported that the subject and other nationalists supported the Southern wing of the Democratic Party in its attempt to steer the TRUMAN faction clear of civil rights issues.

According to MacFARLAND, among the various Nationalists present at the conventions were the following:

During the Summer of 1948 MacFARLAND made available to Nationalists throughout the country a guide calender of publications, organizations, individuals and activities, deemed to be in wholehearted accord or strongly sympathetic to the cause for which "National Progress" is circulated. According to MacFARLAND to qualify for a place on the guide calender publications, editors, book sellers, and group leaders may apply for a statement form on which they can submit the required data. Unconnected individuals must be recommended by a known Nationalist to be listed in the calender. A copy of this guide calender was made available to this office by an informant and the information contained therein is being set out below.

On the evening of November 28, 1949 the writer attended a meeting of the Committee for Christmas Observance in the Schools held at the Sheraton Hotel, 19th and Walnut Streets, Philadelphia. The chairman of the Committee was W. HENRY MacFARLAND, JR., and the text of the meeting involved the subject of possible violation of constitutional provisions separating church from state, in that the singing of carols during the Christmas period was a violation of this constitutional provision. According to the various speakers at this meeting the Committee demanded the preservation of the Christmas carols and further requested that the Philadelphia Board of Education officially set up a policy to affect all public schools in the Philadelphia area with regard to continued observance of Christmas in all classrooms of all public schools. The material listed in the foregoing ten pages shows that MacFARLAND has received or has been in possession of publications and correspondence from many individuals and organizations. Philadelphia is unable to evaluate the great majority of these persons and organizations. The material, therefore, has been placed on the administrative pages. The extensive investigation that would be required by other field divisions to identify and evaluate all of these persons and organizations is not considered warranted by the value the information is likely to add to the instant investigation.

United World Federalists, Inc., Appears As Defendant In Philadelphia Court Action

Philadelphia Tests Right of Political Pressure Group to Use Public Property in Advancing Program to Abolish the United States of America.

PHILADELPHIA—Legal action, believed to be the first to be directed against organized World Government forces in America, was resorted to last week in an effort to restrain UNITED WORLD FEDERALISTS, INC., from using the rent-free facilities of the Philadelphia Free Library in furthering its program to abolish the United States of America. The challenge came about in the following manner:

By proclamation of Philadelphia's Mayor, Bernard Samuel, the period of April 23rd to 30th was designated as "World Government Week." As a part of its observance, the UNITED WORLD FEDERALISTS, INC., was granted permission to hold three rent-free meetings in the main lecture room of the Philadelphia Free Library—a public, tax-supported institution. Immediate protests resulted.

On April 15th, W. Henry MacFarland, Jr., a native Philadelphian, addressed an open letter to all City Councilmen, calling their attention to the unlawful use to which this public property was to be put. Receiving no response, he submitted the same complaint, by telephone on April 17th, to Franklin H. Price, Librarian. Upon Mr. Price's refusal to consider the complaint, he submitted a written request for facilities where loyal Americans might meet, during "World Government Week," to reassert their allegiance to the Government and Flag of the United States. Altho Mr. Price seemed to approve this request when suggested by telephone, the Board of Trustees of the Library rejected it at an executive meeting on April 20th.

On Friday, April 21st, as the date of the

first World Government meeting (April 24th) neared, Mr. MacFarland issued a last minute written appeal to the Mayor, as the Chief Executive of the Municipality, which was negatively received.

All efforts to obtain an official remedy having failed, Mr. MacFarland inaugurated legal action by way of a Complaint in Equity. This named the City of Philadelphia, the Board of Trustees of the Free Library of Philadelphia, and UNITED WORLD FEDERALISTS, INC., as defendants. It asked for a preliminary injunction restraining the latter corporation from meeting in the Library on April 24th, 26th and 28th, and for a mandatory injunction preventing the organization from doing so at any time in the future.

In his Complaint, Mr. MacFarland cited the UNITED WORLD FEDERALISTS, INC., as a sectarian-political corporation, operating for the purpose of abolishing our armed forces and subordinating our Government, its Congress and its Courts, to the rule of a World State authority. He did not challenge the organization's right to function or to propagate its program, but objected to its use of public property, supported by the tax money of many loyal citizens who are opposed to World Government, as a means of forwarding its proposals amongst the public. He also cited Article IX, Section 7, of the Pennsylvania Constitution, which he argued would be violated if the meetings were to go on. The provision prohibits the use of funds appropriated by the General Assembly by any corporation or individual. It was argued that the Library, by granting rent-free meeting space to UNITED WORLD FEDERALISTS, INC., had, in fact,

granted the equivalent of a cash subsidy to that group, paid for by the general taxpaying public.

Because of the lateness of the hour, and the death of a prominent Common Pleas Judge during that week, a hearing on the plea was held off until May 1st, at which date all meetings objected to had been held. Common Pleas Judge, James Gay Gordon, President of No. 2 Court, therefore dismissed the request for a preliminary injunction. He refused, however, to dismiss the plea for a mandatory injunction prohibiting future meetings of this kind. The case, instead, has been continued, much to the dismay of the UNITED WORLD FEDERALISTS, INC.)

Mr. MacFarland, who resides at 876 Granite Street, in Philadelphia, issued the following statement following today's preliminary hearing. He said:

"Our inability to present the case before the Court at an earlier date was a result of my sincere belief that a specific and responsible protest to City Council, the Library's Board of Trustees, and other City officials, would obtain a fair hearing. I would not believe that so flagrant a violation of the law could go unchallenged, if called to the attention of those whose duty it is to uphold the law.

"Now, of course," Mr. MacFarland continued, "we all know how things stand, and any future attempt by the UNITED WORLD FEDERALISTS to misuse public property will result in immediate legal action."

Observance of "World Government Week" itself, must have been bitterly disappointing to its sponsors. Attendance at the three Library meetings was extremely poor, and all "quiet periods" following the speakers' remarks were cancelled. Press coverage of the meetings was extremely limited. A rather impressive detachment provided curious comment in a quiet lecture room, while the speakers seemed to take special care in avoiding the usual accusations, heard at most World Government meetings, that national sovereignty and national dependence stands in the way of world peace. The entire atmosphere bore a heavy, strange quality, while concert music was called upon to fill in a major part of the programs.

Asked what action would be taken in case of a final dismissal of his plea for a mandatory injunction, MacFarland replied:

"If that happens, I shall ask the City Solicitor to bring this entire situation before a Philadelphia Grand Jury, with the view toward obtaining criminal indictments. If this also fails, I shall consider filing such charges on my own behalf, probably sometime in June."

The World Government Movement has been thrown onto the defensive in the shadows of Independence Hall. Perhaps it has not only to contend with living opponents, but also with the stirring Spirits of those departed Patriots who here triumphed over other alien tyrants, more than a century and a half before us.

TITLE W. HENRY MAC FARLAND, JR., was.			CHARACTER OF CASE INTERNAL SECURITY - X

SYNOPSIS OF FACTS:

WILLIAM H. MAC FARLAND continues to reside at 876 Granite Street, Philadelphia, and to act as Director of the Nationalist Action League, which organization has been cited as a Fascist organization by the Attorney General. Subject continues to correspond with various Christian Nationalist organizations throughout the country. His activities during the greater part of 1950 have been directed toward launching a propaganda campaign against the United World Federalists, an organization which advocates world government. MAC FARLAND has also criticized the fact that American troops are fighting in Korea under the U. N. flag instead of the American flag, branding this action as treasonable, and has accused President TRUMAN of using the Korean situation for the purpose of playing international politics. In April, 1950, MAC FARLAND was linked to a group organized on the University of Pennsylvania campus for the purpose of exposing so-called "pink" professors and students. He opposes Zionism and advocates segregation of races, maintaining that our nation should ultimately be made a white Christian nation.

DETAILS: Unless otherwise specified, all informants set forth in this report are of known reliability.

BACKGROUND

The records of the Philadelphia Credit Bureau dated August 17, 1949, reflect that WILLIAM H. MAC FARLAND is 28 years old, single, and has lived at 876 Granite Street, Philadelphia, with his mother, a widow, since October, 1946. His previous residence is listed as 1738 Brill Street.

The records of the Philadelphia Voters Registration Commission, City Hall Annex, reflect that WILLIAM H. MAC FARLAND resides at 876 Granite Street. His former address was listed as 1738 Brill Street, Philadelphia. He was born in Philadelphia on May 19, 1921, and has resided in the state during his entire life. He listed his occupation on the Voters Registration record as publisher.

In a letter dated May 17, 1950, addressed to [redacted] New York City, MAC FARLAND indicated that he attended a meeting held at Irvine Auditorium, May 15, 1950, at which [redacted] spoke. In this letter MAC FARLAND sets forth the steps he took in organizing the Nationalist Action League and the reasons for doing so. His explanation is quoted as follows, b7C

"During my service with the Army Transportation Corps, Supply Branch (1943), I came upon the book 'Undercover,' which was being passed around the office by another civilian employee. I read it from cover to cover and returned it to its owner, with the observation that the author seemed only to be attacking anti-Communism. She replied that all anti-Communists are Fascists and followed the typical Red line in seeking to convert.

"In the summer of 1948 I organized the Committee for Nationalist Action for the specific purpose of opposing FEPC and other left-wing devices which threatened to, and later did, become parts of the Republican and Democratic Party programs. The Committee worked quite openly supporting MAC ARTHUR and the so-called 'Dixiecrat revolt' at the respective party conventions. After they had adjourned, the Committee disbanded, since its temporary purpose no longer existed.

"Then on October 29, 1948, I formed the Nationalist Action League. It was cited (with the temporary committee named above) on the Attorney General's list on April 27, 1949, less than six months following its formation. During this six month period the League had been almost solely active in opposing the passage of FEPC legislation in Pennsylvania and the drive for TRUMAN's program of socialized medicine in Washington.

b7C

"Unlike [redacted] and his ilk, who seem desirous of avoiding public investigation, I immediately prepared a detailed statement, which was notarized, in which I (1) denied participation in any kind of subversive activity, (2) stated my firm opposition to Fascist as well as Communist totalitarianism, (3) seriously questioned the fact that any true investigation had been made of my organizations prior to their citation, and (4) requested a full and open public hearing and investigation, which I said would prove the Attorney General's allegations to be unfounded. This I submitted with attachments of the literature of the Nationalist Action League in a personal interview with high Justice Department officials."

b2 [redacted] 5/24/50)

b2

Confidential Informant [redacted] advised on March 22, 1950, that a rough draft 1949 income tax form prepared by MAC FARLAND reflected the following information.

Under Schedule C--Profit or Loss from Business or Profession--Mac FARLAND lists his total receipts as \$803.45. He claims his deduction for rent in the amount of \$202.00 and other expenses such as office supplies, purchase of sound unit and rental of sound truck, amounting to \$137.18, giving him a net profit of \$464.27 for the year.

On June 15, 1950, Confidential Informant [redacted] advised that he had seen a letter dated October 26, 1948, addressed to [redacted] Lincoln Liberty Building, Philadelphia, signed by [redacted] according to the informant, this letter stated that Mac FARLAND had a birth injury with a residual infection in the left hip and neck. On August 23, 1948, he fell out of the emergency door of a bus which was involved in a collision and injured his left hip. MAC FARLAND was given a physical examination by [redacted] after he claimed that his left leg did not appear to be as long as it was prior to the accident. Prior to this accident, MAC FARLAND had had his left leg shortened by 2 1/2 inches and was wearing a built-up left shoe.

b7C

The doctor's physical examination report reflects that the subject was 27 years old in 1948 and in good general health. He has had marked nystagmus in both eyes since birth, and there is considerable visual impairment in both eyes. He stands with the left heel held off the floor, and three-fourths inch elevation under the left heel brings the heel to the floor, but the pelvis is tilted too high upward on the left side for good balance. The doctor concluded that his examination revealed no permanent partial disability as a result of the accident.

On December 28, 1949, Confidential Informant [redacted] advised he had seen a letter sent to WILLIAM H. MAC FARLAND by one of his followers, in which the writer indicated he was going to start writing articles on the pro-Communist Catholics. The letter concluded with the statement, "Most Catholic publications have been duped by idealism, bought up, or in some way caught in the mesh of Communism."

Confidential Informant [redacted] advised on July 19, 1949, that WILLIAM HENRY MAC FARLAND the National Director of the Nationalist Action League, had attempted to merge the National Renaissance Party, Beacon, New York, with the Nationalist Action League in Philadelphia. This merger was not made, however, because [redacted] National Renaissance Party, had a very positive program worked out and would not deviate from it. MAC FARLAND and [redacted] did agree, however, on mutual cooperation in the future. According to the informant, [redacted] program patterned the ideals on which MUSSOLINI established his corporate state in Italy.

Confidential Informant [redacted] advised on July 5, 1950, that [redacted] the National Renaissance Party, had mentioned to MAC FARLAND in February, 1950, that he [redacted] had been subpoenaed for the Peekskill riot trial and that he was in a position to submit considerable material against "Reds" which was stamped as evidence. This informant also stated that [redacted] urged MAC FARLAND to enter the spring campaign in the election of CARL HALVER, who was running against VITO MARCANTONIO in the election race for Congressman from the Yorkville, New York, district.

Confidential Informant [] advised that the National Renaissance Party is [] New York, and that it operates under the following program: to oppose pacificism because states and individuals survive only by strength; to oppose Marx-inspired doctrines of internationalism because the laws of God and Nature teach us that racial pride and purity as well as the authority of a leader are required to lead a nation to the glories of cultural progress and national strength; to gain honor for the American people so that this nation will bow in homage before its own history and heroes and will curse and destroy any race which would damage its honor; to awaken the people from the false and Semitic dream of democracy and lead them to an Aryan-Anglo-Saxon world of culture, responsibility, and recognition of duty; to save America from its parliamentary betrayers by destroying the false belief that we should become a satellite and supporter to that world poor-house, the United Nations.

B. Subject's Association with
Anti-Socialist Group at
University of Pennsylvania

The April 20, 1950, edition of the "Daily Pennsylvanian," University of Pennsylvania campus newspaper, carried an article captioned "CHRISTOPHERSON Committee Linked to Group Branded Fascist on Subversive List." This article links VERNON CHRISTOPHERSON, University of Pennsylvania student and head of the recently formed "Committee for the Exposure of Socialist Propaganda," to WILLIAM HENRY MAC FARLAND, Director of the Nationalist Action League. The purpose of this college group was to expose so-called "pink" faculty members and students at the University of Pennsylvania.

An article appearing in the April 20, 1950, edition of the "Pennsylvania News," another University of Pennsylvania student paper, entitled "Anti-Socialist Outfit Linked to Racist Group as Given to Pennsylvania News Reporter by RAY WAGNER," discusses an attempt being made by VERNON CHRISTOPHERSON, a graduate student in mathematics at the University of Pennsylvania, to gather a list of "pink" professors and students at the University of Pennsylvania and to make all faculty members take the loyalty oath. RAY WAGNER, a journalism major at the University of Pennsylvania, had gone to VERNON CHRISTOPHERSON to obtain more facts concerning this move when it was learned that he was the person who inserted an ad in the "Daily Pennsylvanian" advocating the formation of a committee on the campus for the exposure of Socialist propaganda. The article stated that CHRISTOPHERSON talked freely when WAGNER asked him if he had sought backing from WILLIAM H. MAC FARLAND, Director of the Nationalist Action League. CHRISTOPHERSON indicated that he intended seeing MAC FARLAND for advice and backing, and a subsequent interview with CHRISTOPHERSON by WAGNER brought out the fact that

CHRISTOPHERSON had talked with MAC FARLAND for two hours and that MAC FARLAND had given him a copy of the newspaper entitled "The Cross and the Flag," published by GERALD L. K. SMITH, who is the Director of the Christian Nationalist Crusade. The article went on to state that WAGNER asked CHRISTOPHERSON where he got the \$100 to start this move on the campus, and CHRISTOPHERSON stated that MAC FARLAND advised him to keep this matter quiet.

An article contained in the "Worker" on April 4, 1950, attacking VERNON CHRISTOPHERSON for his so-called "witch hunt" in which he attempted to instigate a purge of so-called "pink" professors at the University, stated that CHRISTOPHERSON's only support came from W. HENRY MAC FARLAND, whose Nationalist Action League carries on open anti-Negro, anti-Semitic propaganda in conjunction with the notorious Blue Star Mothers and similar reactionary groups. The article also mentioned MAC FARLAND's attack against the campaign of Lincoln University students to have the state's Equal Rights statute enforced at the university town of Oxford, Pa., where Negroes are "jim-crowed" and refused service.

SUBJECT'S ACTIVITY REGARDING ORGANIZATIONS
AND TRENDS IN OPPOSITION TO HIS BELIEFS

A. Opposition to United World Federalists
and World Government Trends

On May 1, 1950, MAC FARLAND sent a memorandum entitled "Results of Action Taken to Prevent Public Property from Being Used by a Group Seeking to Abolish United States Government" to various civic, patriotic, and veterans' organizations. In this memorandum MAC FARLAND sets forth the action he has taken to restrain the United World Federalists, Inc., from further use of tax-supported public property. MAC FARLAND maintains that United World Federalists, Inc., is a private corporation maintaining professional lobbyists in Washington to further its sectarian political program for the abolition of the Government of the United States of America as we know it today. He goes on to state that the right of this organization to function and to hold public meetings is not being challenged, but it is clear that the organization has no legal right to further its disloyal principles from rent-free meeting rooms situated in public buildings supported by the taxpayers of the City of Philadelphia and the Commonwealth.

5/10/50) b2

The June 1, 1950, issue of "Common Sense," published at Union, New Jersey, carries the following account of MAC FARLAND's attack against the United World Federalists due to this organization's use of rent-free facilities of the Philadelphia Free Library.

"By proclamation of Philadelphia's Mayor, BERNARD SAMUEL, the period of April 23 to 30 was designated as 'World Government Week.' As a part of its observance, the United World Federalists, Inc., was granted permission to hold three rent-free meetings in the main lecture room of the Philadelphia Free Library--a public, tax-supported institution. Immediate protests resulted.

"On April 15, W. HENRY MAC FARLAND, JR., a native Philadelphian, addressed an open letter to all City Councilmen, calling their attention to the unlawful use to which this public property was to be put. Receiving no response, he submitted the same complaint by telephone on April 17 to FRANKLIN H. PRICE, Librarian. Upon Mr. PRICE's refusal to consider the complaint, he submitted a written request for facilities where loyal Americans might meet during 'World Government Week' to reassert their allegiance to the Government and Flag of the United States. Although Mr. PRICE seemed to approve this request when contacted by telephone, the Board of Trustees of the Library rejected it at an executive meeting on April 20.

"On April 21, as the date of the first World Government meeting (April 24) neared, Mr. MAC FARLAND issued a last minute written appeal to the Mayor, as the Chief Executive of the Municipality, which was negatively received.

"All efforts to obtain an official remedy having failed, Mr. MAC FARLAND inaugurated legal action by way of a complaint in equity. This named the City of Philadelphia, the Board of Trustees of the Free Library of Philadelphia, and United World Federalists, Inc., as defendants. It asked for a preliminary injunction restraining the latter corporation from meeting in the Library on April 24, 26, and 28, and for a mandatory injunction preventing the organization from doing so at any time in the future.

"A hearing on the plea was held off until May 1, 1950, at which date all meetings objected to had been held. Common Pleas Judge JAMES GAY GORDON, President of No. 2 Court, therefore dismissed the request for a preliminary injunction. He refused, however, to dismiss the plea for a mandatory injunction prohibiting future meetings of this kind. The case, instead, has been continued, much to the dismay of the United World Federalists, Inc."

On April 23, 1950, MAC FARLAND sent a letter addressed "My Dear Fellow American" to persons he had contacted by correspondence in connection with his activities as Editor of "National Progress" or Director of the Nationalist Action League, and supporters who had attended meetings of the Nationalist Action League in Philadelphia. MAC FARLAND explains in this letter the efforts he has undertaken to prevent the United World Federalists from using the tax-supported Free Library

of Philadelphia for three public meetings by appealing to the Chief Librarian of the city and also to the Board of Trustees. MAC FARLAND mentioned that he had decided to take legal action to enjoin United World Federalists from holding these meetings. In order to finance this legal action against the City, MAC FARLAND stated he had to borrow \$150 from a loan company to cover the initial fee and costs of obtaining a court injunction, and asked all recipients of the letter to donate \$5.00 to aid in the legal battle. [] 4/26/50, 5/10/50) b2

On May 23, 1950, MAC FARLAND published another mimeographed letter addressed to "Dear Fellow American." In this letter MAC FARLAND states that the Philadelphia Resolution (House Resolution 596) which he prepared March 21, 1950, was introduced into the past session of the 81st Congress. According to MAC FARLAND, Representative HUGH D. SCOTT of Philadelphia refused to present this resolution, and it was finally introduced by Representative LAWRENCE H. SMITH of Wisconsin as House Resolution 596 and was immediately referred to the House Committee on Foreign Affairs.

The April 15, 1950, issue of "Common Sense," formerly the official organ of the Nationalist Action League, carried an article entitled "Defend Your Country, Its Flag and Constitution." The article states that the menace of a World Socialist Government is very real and near. By "misrepresentation and clever behind-the-scenes contact with numbers of high office holders in both our National and State Governments, the leading pressure group for World Government--United World Federalists, Inc.--has managed to have its disloyal program approved by 110 U. S. Congressmen, 22 U. S. Senators, and 20 State Legislatures." The article further states that on March 21, 1950, there was drafted in Philadelphia a measure which, if adopted by Congress, could abolish the entire World Government scheme. Known as the Philadelphia Resolution (House Resolution 596), this measure was introduced into the House of Representatives on May 10, 1950, by Representative LAWRENCE H. SMITH (Republican, Wisconsin).

The article concludes by urging citizens to write to Congressmen demanding support of this resolution, and that for further data and information on how the resolution progresses, people should keep in touch with W. HENRY MAC FARLAND, JR., 876 Granite Street, Philadelphia, Pa.

b2
On June 28, 1950, Confidential Informant [] advised that on June 12, 1950, WILLIAM H. MAC FARLAND, JR., issued an open letter to the American people, addressed to "Dear Friend." This letter states that the United World Federalists have been retarded in their activities toward "one world," but that a new organization, the "Atlantic Union Committee," is working toward the one world through pressure upon the Senate Foreign Relations Committee. According to this letter,

the Senate Foreign Relations Committee approved the plan of the Atlantic Union Committee for creating a limited World Government to be composed of the United States and the other governments which signed the North Atlantic Defense Pact.

MAC FARLAND requests that the readers of this letter send communications to their senators and the Chairman of the Senate Foreign Relations Committee, protesting against the creation of this organization. MAC FARLAND also states that the United World Federalists have been exposed and halted largely through the efforts of the Nationalist Action League.

During April, 1950, MAC FARLAND issued a mimeographed leaflet entitled "GEORGE W. SARBACHER As He Defends the United States of America Against Those Who Wish to Abolish Our American Form of Government." This leaflet, addressed to "Dear Fellow Citizens," announces a debate over station WCAU on April 18, 1950, between GEORGE W. SARBACHER, Republican candidate for Congress from the 5th Pennsylvania Congressional District, and [redacted] on the subject, "Will the H-Bomb Insure Peace?" MAC FARLAND states that [redacted] supports the United World Federalists, an organization which is supporting a program for abolishing the United States Government. He also mentions what he refers to as the "evil program" which the United World Federalists, Inc., have mapped out for destroying our nation's liberty, by quoting statements attributed to two supporters of the United World Federalists program; viz., [redacted] in a World Government speech in Cleveland in 1946, is accused of saying, "We must do everything we can to abolish the United States." On February 17, 1947, [redacted] of the University of Chicago, allegedly said to a Syracuse, New York, audience, "We must haul down the American flag--haul it down, stamp on it, and spit on it." [redacted] 4/26/50) b2 b7C b7D

A pamphlet issued by the United World Federalists of Pennsylvania, 1520 Race Street, Philadelphia, states that this group is an organization whose one and only aim is to promote World Federal Government to prevent war. It was formed in February, 1947, and has more than three hundred chapters in more than thirty-five states, and student chapters in many high schools and colleges throughout America. Its president is CORD MEYER, JR., a veteran of the last war, who is the author of the book "Peace or Anarchy." This organization has its national headquarters at 31 East 74th Street, New York City.

The following is a statement of the beliefs of the United World Federalists, published by the National Headquarters,

"We believe that peace is not merely the absence of war but the presence of justice, of law, of order--in short, of government and the institutions

of government; that world peace can be created and maintained only under a World Federal Government universal and strong enough to prevent armed conflict between nations and having direct jurisdiction over the individuals in those matters within its authority."

"Statement of Purposes:

Therefore, while endorsing the efforts of the United Nations to bring about a world community favorable to peace, we will work to create a World Federal Government with authority to enact, interpret, and enforce world law adequate to maintain peace: (1) by making use of the amendment process of the United Nations to transform it into such a World Federal Government; (2) by participating in a world constituent assembly, whether of private individuals, parliamentary, or other groups seeking to produce or draft constitutions and consideration and possible adoption by the United Nations or by national governments in accordance with their respective constitutional processes; and (3) by pursuing any other reasonable and lawful means to achieve World Federation."

On June 7, 1950, Confidential Informant ^{b2} advised that MAC FARLAND had sent a letter to Philadelphia, in which he requested her to oppose certain legislation in the House of Representatives that he says would develop the United Nations into a sovereign world state and include Soviet Russia and her European and Asiatic satellites. He also states that these measures pending before Congress would result in the disarmament of our country and would place all atomic and other weapons in the hands of a foreign-dominated world police force, and that they would provide for the arrest of American citizens by the world police, trial before world courts, and imprisonment in world concentration camps, all without appeal to any U. S. court or other American body. MAC FARLAND also maintained this scheme would be financed by a world tax over and above that paid to our own government. In short, the United States would cease to exist as a nation and would become a colony of bankrupts, similar to the people in Europe and Asia. b7C

On July 5, 1950, MAC FARLAND published an open letter addressed, "Dear Fellow American," in which he requests the readers to act to demand that Congress challenge the latest move toward World Government which was taken by the President of the United States when he designated American servicemen now fighting in Korea as members of a United Nations police force. The letter states that President TRUMAN has used the Korean situation for purposes of international politics. The fact that United States forces are fighting under the U. N. flag instead of the American flag in Korea is branded as treasonable by MAC FARLAND.

PH 105-425

Confidential Informant []^{b2} advised on January 13, 1950, that WILLIAM H. MAC FARLAND was planning to write a letter to []^{b7C} of the Philadelphia Police Department, Vice Squad, with a copy to Magistrate VICTOR GIRARD, criticizing the manner in which the case of a raid by the Vice Squad on the 21st Ward Democratic Club was handled. MAC FARLAND's complaint, according to the informant, is that the raid was alleged to have been directed against a smoker in the William Penn Lodge of B'nai B'rith, but no members of this lodge were arrested and only members of the Democratic Club were held.

TITLE W. HENRY MAC FARLAND, Jr., was			CHARACTER OF CASE INTERNAL SECURITY - X	
<p>SYNOPSIS OF FACTS: W. HENRY MAC FARLAND continues to reside at 876 Granite Street, Philadelphia, and to act as Director of the Nationalist Action League, cited by the Attorney General as a Fascist organization. In September, 1950, MAC FARLAND organized the American Flag Committee, a sub-body of the Nationalist Action League, for the purpose of launching an American Flag Seal Campaign. MAC FARLAND's primary activity in connection with this Committee has been printing and mailing American flag stickers throughout the United States to offer "visible resistance" to the increased use of the United Nations flag. He continues to oppose the "World Government" movement and the United Nations as a scheme for abolishing our Constitutional American form of Government. As Head of the Nationalist Action League and the American Flag Committee, he issues a monthly mimeographed pamphlet called the Newsletter, in which he sets forth his views on various current problems and criticizes those groups and individuals who oppose his beliefs. The subject continues to receive a large volume of literature and correspondence from various nationalist groups about the Country, which are characterized as being anti-Communist, anti-Jewish, anti-United Nations and anti-Administration. During the latter part of 1950 and early 1951, the subject attempted to enlist the</p>

Background

The records of Confidential Informant [redacted] reflect the following background information concerning W. HENRY MAC FARLAND:

For about eighteen months prior to 1944 he was a Civil Service employee and for a short time during the latter part of 1944 he was employed by a cigar company known as Bayuk Cigars, Inc., 9th and Columbia Avenue, Philadelphia, Pennsylvania.

At the present time, MAC FARLAND is Director of the Nationalist Action League and heads a sub-organization of the Nationalist Action League known as the American Flag Committee. In connection with these activities, he publishes a monthly, non-partisan, four page mimeographed pamphlet, known as the Newsletter, dealing with patriotic writings and items. This publication is supported through donations, and copies of the Newsletter are sent to those interested in MAC FARLAND's writings. The current circulation of this publication is estimated to be approximately five hundred copies monthly.

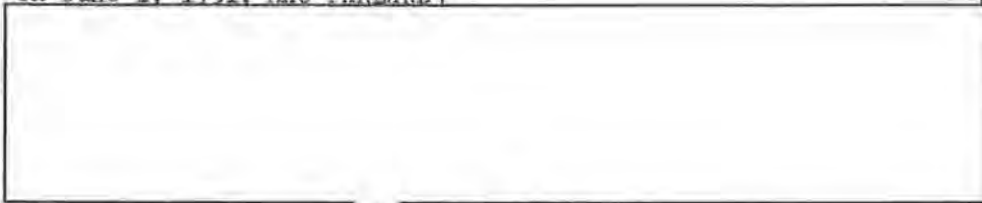

In addition to publishing this pamphlet, MAC FARLAND gives informal talks to private groups and patriotic organizations, and

PH 105-425

is paid on a free collection basis. .

As Head of the Nationalist Action League and the American Flag Committee, it is believed he is the only individual active to any extent in the operations of these two organizations. His equipment consists of a typewriter, a mimeograph machine, and an addressograph. His work is conducted from his home, located at 876 Granite Street, in a residential section of Philadelphia.

Activities in Connection with
Nationalist and anti-Communist
Organizations

A. Meetings

On June 30, 1950, MAC FARLAND, as Director of the Nationalist Action League, announced that he had obtained permanent facilities for the regular semi-monthly meetings of the Nationalist Action League, at the Venango Dining Room, 1419 West Venango Street, Philadelphia. Meetings of the Nationalist Action League are to be every other Wednesday evening, at this location, and only those presenting membership cards will be admitted.

B. Speeches before Other Organizations

On August 27, 1950, MAC FARLAND attended the National Christian American Conference, which was held at the religious shrine of

PH 105-425

Graymoor, Garrison, New York. The leading speaker was to be the [redacted] friend of [redacted] who was to speak on the subject of "Soviet Enslavement of the Czech People." Another person who was scheduled to speak at the conference was Father [redacted] of the fifteen thousand membership Catholic Youth Action.

The informant was of the opinion that MAC FARLAND was possibly a scheduled speaker at this conference but was unable to verify this fact.

b2 [redacted] on 8/18/50)

On September 5, 1950, MAC FARLAND spoke before some group in Baltimore on the subject "The United World Federalist and Displaced Persons." According to the informant, attempts were being made to have either the D.A.R. or the Sons of the American Revolution sponsor this meeting. It was not determined whether either of these groups sponsored MAC FARLAND's speech.

b2 [redacted] on 11/28/50)

On September 13, 1950, Confidential Informant [redacted] advised that MAC FARLAND and [redacted] of the newspaper Common Sense, published at Union, New Jersey, were speakers at a meeting held in Baltimore during the early part of September, 1950, which was advertized as the first anti-World Government rally ever to be scheduled in Baltimore. According to the informant, the topic of MAC FARLAND's speech was "Forces in this Country which would Abolish our National Independence and Subject Us to the Rule of a Social Communist Dominated World State."

In September, 1950, it was also learned that MAC FARLAND was attempting to arrange a speaking engagement in Chicago, Illinois. MAC FARLAND's speech was to deal with the subject "The United Nations and World Government." Arrangements for this speech were to be made by a [redacted] Chicago, Illinois.

[redacted] on 9/27/50)

b2

On November 1, 1950, Confidential Informant [] advised that MAC FARLAND had attempted to arrange a speaking engagement for himself before the National Security League, Dayton, Ohio. The informant was unable to state whether MAC FARLAND actually spoke before this committee.

This same informant advised on January 28, 1950, that [] b7C [] National Renaissance Party, 224 East Main Street, had made arrangements for MAC FARLAND to speak before an assembly of National Renaissance Party members at Mozart Hall, 328 East 86th Street, New York City, New York, on August 28, 1950, at 8:00 p.m. The informant was unable to furnish the topic of MAC FARLAND's speech before this group.

C. Activities as Chairman of the American
Flag Committee

MAC FARLAND organized the American Flag Committee as an organization to control and give impetus to the American Flag Seal Campaign in September of 1950. The cause for undertaking such action on MAC FARLAND's part originated in Philadelphia when Admiral CHESTER NIMITZ officiated at a ceremony in Philadelphia during the early part of September, 1950, in which the United Nations flag was raised above the Philadelphia Bulletin Building. Photographs of this ceremony carried on the front page of the Evening Bulletin revealed that the American flag was conspicuous by its absence. To demonstrate visible opposition to what MAC FARLAND refers to as "United Nations flag scheme," he decided to issue American flag seals and the American Flag Committee thereby came into being.

b2

[] on 9/13/50)

On September 27, 1950, Confidential Informant [] advised that the American Flag Committee is a sub-body of the Nationalist Action League, established to obtain nation-wide display of the American flag seals. b2

On October 23, 1950, the World Affairs Council of Philadelphia presented a United Nations flag to Philadelphia Mayor BERNARD

PH 105-425

SAMUEL in connection with the celebration of United Nations Week.

During the presentation ceremony at the Mayor's office, MAC FARLAND and several of his followers, representing the American Flag Committee, displayed placards bearing the following slogans:

"Our Only Flag! And No Substitutes."

"Keep Old Glory Flying."

"American Blood Won the War in Korea,
Not the United Nations."

This group also distributed a flyer during the presentation ceremony, which had been written by W. HENRY MAC FARLAND, Jr., Chairman of the American Flag Committee. This flyer criticized the celebration of United Nations Week, stating that such a celebration was instituted by various organizations, whose purpose was to convert the United Nations into an all-powerful sovereign political state, to which all Americans would be forced to contribute and pay allegiance. The organizations mentioned by MAC FARLAND as being behind such a movement were the United World Federalists, the Atlantic Union Committee, and the World Affairs Council, all of which were described as being "questionable" groups.

b2

b7D

[redacted] on 11/14/50)

According to this same informant, MAC FARLAND and the American Flag Committee had actively opposed the celebration of United Nations Week in Philadelphia by calling various banks and business houses in the City and advising them it was unlawful to fly the United Nations flag or any other national flag unaccompanied by the American flag.

MAC FARLAND's campaign against the flying of the United Nations flag has resulted in his writing letters to various business men throughout the United States, who have been flying the United Nations flag on their building unaccompanied by the American flag.

An example of this is the letter written by MAC FARLAND to the Anglo Bank, San Jose, California, in which he states that information had reached him that the Anglo Bank had been flying the United Nations flag on its building, unaccompanied by the American flag. He states in this letter that this action constitutes a violation of Title 36, Section 175 (C) of the U. S. Code, which provides that "no other flag or ~~permanant~~ shall be flown above or if on the same level to the right of the flag of the United States." MAC FARLAND claims that this action on the part of the Anglo Bank is tantamount to placing the United Nations flag above the American flag and so comes within the purview of the above-mentioned U. S. Code Section.

b2 on 2/20/51)

MAC FARLAND's primary activity in connection with the American Flag Committee has been the printing and mailing of American flag seals bearing the slogan "Old Glory, the only flag to which we pay allegiance." With each order of American flag seals, MAC FARLAND encloses a mimeographed pamphlet entitled "All Americans Rise to the Defense of Your Nation's Flag." In this pamphlet MAC FARLAND states that the flag seals are to be used as a visible demonstration of loyalty and a mark of determination that no other banner shall ever be raised above the American flag. He claims that there is now under way a very powerful movement to displace our flag in the minds and hearts of Americans and to transfer their attention and ~~loyalty~~ to the flag of the United Nations.

MAC FARLAND cites as an example the fact that the United Nations banner has already been raised above the Stars and Stripes in Korea and at the Headquarters of the United Nations Forces in Tokyo. MAC FARLAND contends that this movement to replace the flag of the United States is being used to aid the cause of World Government, and that America as a Nation will be thereby undermined.

MAC FARLAND's definition of World Government is that it is a scheme for abolishing the United States as a Nation and for placing the American people under the rule of a government comprised

PH 105-425

of all the nations of the world, including Soviet Russia, her European "puppets" and Red China.

b2 [] on 9/13/50)

In connections with this criticism of the United Nations flag being flown above the American Forces in Korea, MAC FARLAND also ~~criticizes~~ President TRUMAN as being the first Chief Executive to send Americans to fight under a foreign flag. He brands this act on the part of the President as one of historical dishonor and of such a nature that President TRUMAN has proven himself wholly unsatisfactory to continue his duties as President of the United States, and should, therefore, be impeached.

b2 [] on 9/13/50)

The American flag seals issued by the American Flag Committee are listed at the following prices:

Fifty seals for \$1.00

Five-hundred seals for \$7.50

One thousand seals for \$12.00

MAC FARLAND claims that no profit will be made on this campaign as all funds received are to go back into the printing of more seals.

b2 [] on 9/13/50)

MAC FARLAND has received numerous requests from persons throughout the United States who desire to purchase quantities of American flag seals for resale. He has, however, advised these people that the American Flag Committee sells these seals nationally at no profit and that resale of the seals is not allowed on the basis that this would commercialize them and harm their patriotic use.

b2 [] on 1/13/51)

PH 105-425

In addition to printing American flag seals, MAC FARLAND's campaign against the United Nations flag consists of verbal and written statements, urging people to voice their protest against the United Nations flag by sending telegrams and letters to their Congressmen, Senators and local press and radio stations and also to contact at least one patriotic veterans, civic or church group daily, urging participation in the crusade to save the United States flag.

P2

on 9/13/50)

This same informant furnished a copy of a telegram which was sent to President TRUMAN, prepared by MAC FARLAND, which states as follows:

"Referring to United Nations Security Council Order giving UN Flag unlawful precedence over the Stars and Stripes, we, a committee of loyal Americans, hereby demand that said order be rescinded and that no American soldier be sent into battle under any other banner than that of the United States of America. Copies of this communication are being sent to Senate and House members, the Press, and interested patriotic organizations."

MAC FARLAND claims the same alien and un-American forces which are behind the movement to replace the American flag with the United Nations flag and eventually subject this Country to the evils of World Government also have control both of the Republican and Democratic Parties. Along this line, MAC FARLAND mentions that Senator RICHARD RUSSELL of Georgia has suggested the coming together of true Americans of both major parties to the end that a new party may be formed, which will give the voters a real voice at the polls. He urges citizens to answer Senator RUSSELL by organizing a drive which will convince all skeptics that Americans really want something better than political parties dominated by disloyal Americans. He maintains this

can be done by a coast-to-coast solicitation of signatures of all who desire to form a new party, and that the goal should not be less than five thousand names, to be presented to Senator RUSSELL as a powerful moral backing in getting this plan for a third party underway.

b2

[] on 9/13/50)

MAC FARLAND's American Flag Seal Campaign has been given nationwide publicity and has resulted in a large volume of sales mainly through the efforts of other nationalist groups throughout the Country that are in agreement with his nationalist aims and principles.

b2

[] on 11/28/50)

On September 5, 1950, [] the paper Common Sense, advised MAC FARLAND that he agreed that something must be done to offset the attempts being made to replace the American flag with the United Nations flag. [] stated he would be able to assist MAC FARLAND in circulating the American flag seals issued by the American Flag Committee and placed an order for one thousand of these seals. It was the informants opinion that [] would distribute these seals to all subscribers of Common Sense.

b2

b2

On October 4, 1950, Confidential Informant [] advised that MAC FARLAND was attempting to solicit the aid of the Daughters of the American Revolution, Veterans of Foreign Wars and American Legion Posts throughout Pennsylvania to lend support to the American Flag Seals Campaign. It is not known whether or not any of these organizations have given support to this campaign.

During the last two months of 1950, the American Flag Committee underwent a process of re-organization to enable it to operate as a permanent body. Plans were implemented to permit the establishment and recognition of working units of the American Flag Committee in every state in the Union and steps were being

PH 105-425

considered for the legal incorporation of this Committee, permitting it to expand into a formal nation-wide organization.

b2 [] on 2/20/51)

This same informant also advised that the only responsibilities of an American Flag Committee unit are (1) It shall hold a meeting at least once every month, (2) Its chairman or secretary shall submit a monthly report of the unit's activities, and (3) The names and addresses of all new unit members be sent to the headquarters of the American Flag Committee in Philadelphia.

Units are free to organize their own rules of membership and procedure, so long as these conform to the pro-American purpose of the Committee as a whole. Local, County, and State units will be aided in all of their projects and undertakings by the Central Committee in Philadelphia, and no dues will be involved.

Publications

b2

On September 13, 1950, Confidential Informant [] advised that all members of the Nationalist Action League receive a membership card entitling them to attend all regular and special meetings of the organization, and, in addition, receive a monthly copy of the Newsletter, which is the official publication of the Nationalist Action League.

b2 On September 27, 1950, MAC FARLAND advised Confidential Informant [] that the publication of the paper National Progress, formerly the official publication of the Nationalist Action League, had been suspended with the June, 1949, issue, and all subscriptions had been transferred to [] paper Common Sense, published in Union, New Jersey. MAC FARLAND also stated that he now issues a publication known as the Newsletter, which is the official Nationalist Action League bulletin. b7D

In the January, 1951, Newsletter, MAC FARLAND states that the circulation for the Newsletter totaled four hundred, and that this circulation included the most active patriotic workers in

the United States. MAC FARLAND mentioned that these Newsletters are furnished to worthy individuals at no cost, and that his purpose in issuing this pamphlet was to solidify and coordinate the efforts and activities of all groups and individuals to whom these Newsletters are mailed, so that loyal American patriots receiving them will be in closer mutual contact.

Although the Newsletter is mailed to those on the mailing list at no cost, MAC FARLAND asks all readers to help expand circulation by an occasional contribution toward mimeographing and expenses. MAC FARLAND also mentioned in this same issue of the Newsletter that any individual or group serving pro-American objectives may receive helpful publicity in the monthly Newsletter, simply by requesting it.

Policies Advocated by MAC FARLAND

A. Opposition to the World Government
Movement and the United Nations

During the celebration of World Government Week in Philadelphia in October of 1950, MAC FARLAND distributed a two page circular entitled "A Brief Guide Report on the World Government Movement," in which he criticized this movement as a threat to the American Constitutional Republican form of Government. MAC FARLAND's views of this subject, broken down under various headings, are as follows:

"I. What is the World Government Movement?: The World Government Movement is composed of a combination of forces seeking to abolish the national independence of the United States of America, and to so alter its Constitution that many of the rights, privileges and immunities now guaranteed to its citizens would be either grossly abridged or totally destroyed.

"II. Who are leading this Movement?: Professionally, the Movement is being led by two extremely well-financed pressure groups. They are the United World Federalists, Inc., 7 East 12th Street, New York 3, New York, and the Atlantic Union Committee, 537 Fifth Avenue, New York 17, New York.

"III. What are the Programs of these Groups?: Both organizations agree that the final objective of the Movement must be the establishment of a full-fledged World State, including in its framework all of the earth's peoples, in which our Country would be reduced to the status of a mere "colony" or administrative district. They differ as to their methods for achieving this goal, however, as follows: The United World Federalists, Inc., demand an immediate World State which would embrace the Soviet Union and her European and Asiatic satellites, while the Atlantic Union Committee (obviously for reasons of strategic expediency) calls for an initial World Government, excluding these powers, to be formed by those nations which are now parties to the Atlantic Defense Pact. This difference in implemental procedure is the only basic one separating the two organizations.

"This program is border-line treason: The programs of both groups aim toward the virtual destruction of everything for which Americans were willing to die in 1776, 1812, 1917 and 1941. In place of our American-controlled, constitutional republican form of government (to which the entire world flocks for aid), we would come under the rule of a World Government essentially composed of non-Americans of a Communist or Socialist turn of mind. In their hands would be placed the World Police Force, the World Courts, and the supreme law-making bodies. Under a full-fledged World State, the United States would be out-voted 100 to 1 on any issue involving a difference of opinion between our own representatives and those of Europe and Asia. Only in the matter of the tax dollars which this super-State would collect (a World Tax, over and above that collected by national governments, is proposed by both groups), would we make a majority contribution.

"IV. How is the World Government Movement being furthered: Amongst the general public, both the United World Federalists, Inc., and the Atlantic Union Committee are using a program designed to inspire fear and terror. They are sending top-flight speakers before church and civic groups, and audiences made up of young and impressionable high school and college students, who draw dire word pictures of the devastation to be wrought by the A and H bombs, and by germ warfare, unless our

Nation takes immediate steps to relinquish its sovereignty and submerge itself beneath a World State.

"Of greater significance, however, are the powerful lobbying activities of both organizations at national and state levels. Here is what they have managed to accomplish:

"(a) The United World Federalists, Inc., managed to persuade 91 U. S. Congressmen to introduce House Concurrent Resolution 64 into the House of Representatives on June 7, 1949. Since that date, the number of House sponsors has risen to 110, and Senate backers to 22! If adopted, this Resolution would place your Congress on official record as favoring the adoption of a foreign policy which would seek to transform the United Nations into a World Government. This Resolution now rests before the House Committee on Foreign Affairs, a majority of whose members are said to favor its passage.

"(b) The United World Federalists, Inc., working at the state level, has prompted 20 State Legislatures to place themselves in favor of a World State. Until this year, the number was 22. Since January 1st, however, the States of Georgia and California have repealed the too-hasty approval which they had given, under great pressure, to this dangerous Movement. In Georgia, the vote to rescind was unanimous in the House, 34 to 8 in the Senate. In California it was 42 to 33 in the House, 21 to 17 in the Senate. NOTE: California is the State whose Legislature refused to approve World Government until a United World Federalist supporter obtained the aid of one ARTIE SAMISH, notorious lobbyist for the California liquor interest. SAMISH made a few telephone calls and other contacts, and, on the following afternoon, the World State resolution slid thru the Legislature.

"(c) The Atlantic Union Committee is sponsoring House Concurrent Resolution 107-111 and Senate Concurrent Resolution 57, which calls upon the President to call a conference of the nations which are parties to the North Atlantic Treaty (Defense Pact), to meet this year with U. S. officials, at which plans

for creating a 'limited' World Government within the framework of the United Nations would be mapped out.

"V. Is the Movement treasonable?: Any movement which would cripple the Government of the United States of America, robbing its citizens of vital rights and immunities which have been purchased by the blood of their forefathers and many of their own fathers and sons, can certainly be viewed as disloyal to America. Many of the followers of both the United World Federalists, Inc., and the Atlantic Union Committee are unquestionably loyal, decent-minded, but deceived, individuals. They detest war (as do we all), and the deep grief of many of those who have lost loved ones in World War II is being shamelessly exploited by the Movement's leaders.

"VI. Who is opposing World Government?: The American People have been slow to recognize the menacing nature of this Movement, mainly because it has done its work with a minimum of publicity. In recent months, however, strong and healthy opposition has developed. The Veterans of Foreign Wars and the Daughters of the American Revolution have both adopted national resolutions condemning the Movement, as has the American Coalition of Patriotic Societies, which represents some 85 pro-American organizations scattered thruout our Republic. Late in 1949, the Republican Women of California held their annual convention in Berkeley. There, 400 delegates cast a unanimous vote against World Government, and against any move to strengthen the United Nations in that direction. The Partisan Republicans of California, a responsible organization which is seeking to weed out left-wingers in the G.O.P., has gone upon record as opposing any move toward creation of a World State, as has the Daughters of the Grand Army of the Republic and the Daughters of the Descendants of the Mayflower. Many individual Americans are interesting themselves in seeking to gain similar action from other groups, and are supplying them with information to this end."

b2

b7D

[] on 11/14/50)

During November, 1950, MAC FARLAND was urging readers of the monthly Newsletter to address a protest against World Government and any further strengthening of the United Nations to Honorable

PH 105-425

GUY G. GABRIELSON, Chairman, Republican National Committee, urging him to take steps to incorporate an "anti-World State plank" in the 1952 Republican Party platform and to select only those men and women for nominees and candidates who support this plank openly and sincerely.

b2 [] on 11/28/50)

On January 13, 1951, Confidential Informant [] advised that b2 MAC FARLAND was circulating a mimeographed article captioned "The 82nd Congress Must Abolish the United Nations." This article blames the United Nations for ordering thousands of our soldiers into the Communist-set trap in Korea and maintains that the United Nations has appeased and openly collaborated with our nation's enemies in Asia and Europe. MAC FARLAND urged all readers of this article to write and telegraph Senator ARTHUR VANDERBERG, demanding that our Government be liberated from United Nations rule and the United Nations treaty be rescinded by the United States Senate so that this Country can properly defend itself against any Soviet attack.

In an article prepared in February of 1951, MAC FARLAND criticized our State Department for collaborating with the United Nations in permitting continued shipments of vital war goods to the Chinese Reds long after it had become obvious that China would ultimately come into the Korean conflict on the side of the Communist.

MAC FARLAND concludes this article by urging Americans to (1) Compel our Senate to dissolve the United Nations which is usurping American taxpayers' money, (2) Compel Congress to rescind Internationalism as an instrument of national policy and cancel all foreign spending (except for legitimate aid to famine stricken and destitute people), which is bankrupting our Treasury and impoverishing our home defenses, (3) Require the President to clean the Communists out of the State Department, and (4) Require that the President break off all relations with Soviet Russia and the Iron Curtain Countries.

b2 [] on 2/20/51)

In an article written by MAC FARLAND in May of 1951, he claims that the United Nations, as a tool of those conspiring to destroy our Country, is applying pressure on Congress to adopt three United Nations sponsored measures which would wreck our Nation. These are (1) The establishment of foreign courts to try and sentence Americans for certain types of crime, including criticism of Red sympathizers, (2) Compel Congress to adopt the entire Fair Deal Program, which is a blueprint for State socialism, and (3) Place all laws and regulations pertaining to labor, management and domestic and foreign trade under the control of the United Nations, leaving our Congress and State Legislatures as mere rubber stamps for the leftist-ruled United Nations.

In this article MAC FARLAND attacks the Atlantic Union Committee, the United World Federalists and an organization known as the Foundation for World Government, as groups which are supporting the United Nations and legislation, which, according to MAC FARLAND, would destroy our national sovereignty by subjecting us to the rule of a "family of nations."

This article written by MAC FARLAND also opposes Universal Military Training as a measure which would establish a politically controlled military dictatorship in this Country. MAC FARLAND also claims that the plan incorporated into our Universal Military Program was prepared by German General HEINZ WILHELM GUDERIAN, HITLER's last Chief of Staff, while he was confined to an American prison camp, and it is also alleged that this plan was prepared by GUDERIAN at the specific request of high-ranking American military officers, with the authorization of President TRUMAN and his advisors. It is claimed that this plan, which is incorporated into our Universal Military Program, provides for immediate and complete control over this Country, which will result in enslaving America under the pretext of defending it.

MAC FARLAND urges that the American people first, demand that the United States withdraw from the United Nations, second, urge Congressional investigation of United Nations organizations supporting World Government, and third, restore General MAC ARTHUR

PH 105-425

to his position as Military Commander in the Far East as an American Commander and not a "United Nations puppet."

MAC FARLAND also brands President TRUMAN as a mere tool in the hands of men whose names are never exposed by Congressional investigating committees and who are behind the movement in this Country to subject America to United Nations control. He states that those men are Senator HERBERT LEHMAN of New York; Supreme Court Justice FELIX FRANKFURTER; DAVID K. NILES, Personal Advisor to the President; and HENRY MORGENTHAU, JR.

b2

B. Criticism of the Present Administration

b2

On November 28, 1950, Confidential Informant ☐ furnished a mimeographed circular believed to have been prepared by MAC FARLAND and addressed to the members of the 82nd Congress. This circular states that the President has by-passed our Congressional Representatives by taking us into war in violation of our Constitutional rights for the following reasons:

- (1) To divert attention from the Red scandal in the Administration and increasing unemployment in this Country.
- (2) To continue himself and his party in public office by a program of public spending, at the same time imposing upon our free people a police state under the smoke screen of fighting Reds abroad.

MAC FARLAND sets forth the demand in this circular that the Congress impeach President TRUMAN, as provided by our Constitution.

This same circular goes on to state that our Country is in grave danger of betrayal from within, due to retention of pro-Soviet homosexuals in the State Department and other Government agencies and also from Communists who are permitted freedom to overthrow

our Government by force. MAC FARLAND also demands that the Congress of the United States bring about the removal of Secretary of State ACHESON and enact legislation to provide for the imprisonment of all Communist and fellow-travelers.

After General MAC ARTHUR was removed from his post as Administrator of Japan and Supreme Commander of Military Operations in Korea, MAC FARLAND issued an article captioned "Will Americans Demand the Truth Behind the Betrayal of General DOUGLAS MAC ARTHUR." This article criticized President TRUMAN's removal of General MAC ARTHUR, claiming that it is merely the latest of a long series of moves to guarantee that we lose as many American lives as possible before subjecting us to complete United Nations rule. MAC FARLAND maintains that General MAC ARTHUR was removed because he refused to play a part in the hidden moves to destroy America's strength and independence.

C. MAC FARLAND's Plan for Electing Loyal Americans to Public Office

Prior to the November, 1950, elections, MAC FARLAND issued a circular stating that this Country is faced with the fact that an alien force, employing Communism, Zionism, Socialism and World Government as their ideological weapons for the destruction of our personal liberties and national state order, has gained the balance of political power in this Country.

MAC FARLAND claims that this can be remedied by restoring the balance of power to the men and women who remain faithful to our Constitutional Republican form of Government. He blames this situation on the fact that too many people do not exercise their right to vote, mainly because the candidates offered by both major parties are unsatisfactory. His solution to this problem is to have loyal Americans write in the names of persons known to be loyal and qualified when a major party candidate is unacceptable. To give impetus to this plan, he urges citizens to form small political action groups in States throughout the Country and have all participants write to the Republican and

PH 105-425

Democratic Parties' Headquarters, stating that they have broken with the idea of voting by Party labels and will cast votes on the basis of the candidates work in supporting American principles of Government, and that if no worthy candidate is offered, write-in votes will be cast.

MAC FARLAND next urges members of the proposed political action committees to prepare questionnaires to be sent to all candidates seeking their votes. This form was to contain questions concerning the candidate's stand on key questions of the day. For example--does he favor the establishment of a World Government, will he support such patriots as Senator JOSEPH MC CARTHY in their efforts to weed out treason in high places, how does he stand on F.E.P.C. and other minority class legislation.

MAC FARLAND also states that with this questionnaire a letter should be sent stating that the writer must have honest and specific answers to the questions posed. If the candidate refuses to reply, he urges citizens to advise the Local and National Committees of the political parties that they cannot vote for the particular party candidate because they do not know whether he would act as their representative.

D. Racial Prejudice and Opposition to Minority Groups

In September of 1950, MAC FARLAND issued a mimeographed circular captioned "Protest House Resolution 2848--a Bill to Violate the United States Constitution." This article attacks House Resolution 2848 as a measure which if passed into law, would seriously impair and restrict Article One of the Bill of Rights.

House Resolution 2848 provides that it shall be unlawful to criticize any minority racial group as such, and MAC FARLAND states that it is no doubt primarily aimed at suppressing the growing American distaste over the tactics of "Jewish Zionist murders" in Palestine, as well as the plans for importing from one hundred thousand to eight hundred thousand European refugees into this Country.

He claims that this measure has been supported by most of the minority racial groups which seek to use its provisions as a weapon to suppress any and all criticism of themselves and activities of the un-American operations of the various pressure fronts which they have created.

b2

on 9/8/50)

In a letter to U. S. Representative E. L. FORRESTER in April of 1951, MAC FARLAND states that Representative FORRESTER's remarks concerning the need for segregation in our Armed Forces contained in the appendix to the Congressional Records of April 12th met with his approval. MAC FARLAND also maintains that the negro population of America is being deliberately agitated by a score of pressure groups, ninety per cent of which are controlled or dominated by the Jewish people. He lists what he calls the most vicious of these pressure groups as (1) the Non-Sectarian Anti-Nazi League, (2) the Anti-Defamation League, (3) the Friends of Democracy, (4) the American Jewish Congress, and (5) the N.A.A.C.P.

MAC FARLAND brands the first four of these groups as political terrorist organizations, specializing in spotting, investigating and destroying the character of men and women whose only crime has been to fight F.E.P.C., miscegenatory marriage laws and other similar legislation.

E. Opposition to Communism

In November, 1950, MAC FARLAND issued a mimeographed pamphlet entitled "R o s i s t Communism," in which he brands the Redskill Riot as being Communist inspired. In this circular MAC FARLAND states as follows:

The Nationalist Action League calls upon the United States Department of Justice to bring the Red campaign of politics to immediate trial.

PAUL ROBESON is merely the "front" for Soviet agents, who, working

This letter concludes with a plea that readers communicate with their senators and representatives immediately, urging that this nation keep the American flag flying in Korea and wherever else our troops may be sent in the world.

[] 8/2/50) b2

Confidential Informant [] b2 advised on August 2, 1950, that WILLIAM HENRY MAC FARLAND was arranging an on-the-spot protest meeting to be held in Washington, D. C., August 23, 1950, against replacement of the American flag by the United Nations emblem in the Far East. On August 18, 1950, this same informant stated this meeting was cancelled, and instead, a delegation of five Pennsylvania citizens, led by MAC FARLAND, would travel to Washington September 18, 1950, to protest not only the use of the U. N. flag in the Far East, but also to demand public hearings on House Resolution 596 (Philadelphia Resolution). [] believed that this group was referred to as the "Constitution Day Committee" but could furnish no further details concerning this rally. 112

During August, 1950, MAC FARLAND was one of 17 signers to a telegram sent to President TRUMAN. This telegram is quoted as follows.

"Referring to U. N. Security Council order giving U. N. flag unlawful precedent over the American flag, we, a committee of loyal American citizens, hereby demand that the said order be rescinded and that no American soldier be sent into battle under any other banner than that of the United States of America. Copies of this communication are being sent to Senate and House members, the press, and interested patriotic organizations." [] 8/24/50) b2

This same informant advised on August 2, 1950, that MAC FARLAND had indicated that a monthly newsletter was to be published by the Nationalist Action League, of which he is Director, to keep individuals informed on all activities conducted by the Nationalist Action League and on the moves of organizations and groups opposed to the Nationalist Action League.

B. Racial Prejudice

Confidential Informant [] b2 advised on June 15, 1950, that W. HENRY MAC FARLAND had written a letter dated June 8, 1950, addressed to the Honorable [] Senate Office Building, Washington, D. C. According to the informant, MAC FARLAND compliments Senator [] for his activity in seeking to obtain legislation calling for segregation in any unit of our Armed Forces where it is requested in writing by one or more members of a particular military unit. b7C
MAC FARLAND states that the move has his sincerest support. According to the informant, MAC FARLAND offered the following suggestion to Senator [] in the above mentioned letter.

That the United States negotiate with Great Britain and France for personal settlement of their war debt via land grants in Africa. He suggests that these land grants be located near Liberia, and that all Negroes who wish should emigrate to this newly-formed and newly-developed country. MAC FARLAND states that he believes that there are two million Negroes who are already anxious to participate in such a project. According to MAC FARLAND, our nation "should ultimately be made a white Christian nation, for it has been clearly demonstrated that our increasingly heterogeneous society is approaching the fate of the polyglot Austro-Hungarian Empire, where the confused medley of nationalities produced nothing but chaos."

SUBJECT'S EFFORTS TO INCREASE CIRCULATION
OF HIS BELIEFS AND IDEAS

In April, 1949, MAC FARLAND made inquiry at radio station WMAR, Norristown, Pa., concerning the purchase of radio time. On April 21, 1949, [redacted] Radio Station WMAR, advised MAC FARLAND that spot announcements for a 26-week contract would amount to \$5.70 per spot, or a total of \$148.20. [redacted] 4/21/50) b2 b7C

There is no indication that MAC FARLAND actually has purchased radio time for announcements at this time.

In March, 1950, a circular letter signed by [redacted] a member of the Nationalist Action League, of which MAC FARLAND is Director, was sent to editors of small town newspapers throughout the country, advising them of a feature service available to newspapers whose circulation is not in excess of 25,000 copies per issue. This feature service, entitled "America in Action," is prepared and edited by W. HENRY MAC FARLAND, JR., and is based upon the political and economic activities of the American people as expressed by themselves and their elected representatives, at both state and national levels. The letter states that MAC FARLAND has devoted the past five years to full-time efforts toward arousing an active public interest in trends, events, and legislation which vitally affect the continued rights and freedoms of the American people, and "America in Action" represents an expansion of his energies in this direction. b7C

This service was to be made available beginning April 3, 1950, and on a weekly basis thereafter. Cost of carrying this service is \$3.00 per month, or \$30.00 per year if contracted for on a 12-month basis. For those newspapers interested in this service, a copy of MAC FARLAND's article entitled "Those Hidden State Department Files" would be made available for examination for the purpose of judging the style and quality of MAC FARLAND's writings. b2
In April, 1950, Confidential Informant [] made available a list of titles referred to as "American Voters' Bulletins" which were being published by MAC FARLAND for the purpose of providing the general public with facts and figures not covered in the press. Included in a paragraph of explanation preceding this list was the statement that the bulletins concerned vital current issues which have formerly been presented from only one standpoint. The titles of these bulletins are as follows.

1. Unemployment and the Refugee Invasion.
2. Down with the Flag--Plan of the World Federalists.
3. Short-changed by Washington.
4. FEPC May Take Your Job.
5. UN or USA, Which?
6. The Philadelphia Resolution--a Move to Keep the USA.
7. Do They Count Your Vote?
8. What Can I Do--a Short Lesson in American Government.
9. Germany Is Our Ally.
10. Organize for America.

b2
On June 15, 1950, Confidential Informant [] advised that MAC FARLAND was soliciting speaking engagements. According to the informant, MAC FARLAND stated that he is conducting a most active campaign in opposition to the World Government program which advocates the abolishment of our Constitution, Flag, and national independence, and that his speech entitled "A Proposal to Abolish the United States" would enlighten American citizens concerning this most dangerous and insidious movement. [] stated that MAC FARLAND indicated he would speak locally without a fee and only for actual expenses outside the city of Philadelphia.

MISCELLANEOUS

b2
Confidential Informant [] on January 21, 1950, advised that a person who identified himself as [] and claimed to be a member of the Columbians desired to see WILLIAM H. MAC FARLAND, since he had read "National Progress" which was then being edited and published by MAC FARLAND and liked it very much. b7C
According to the informant, arrangements were made for [] to visit MAC FARLAND's home on January 22, 1950.

The Columbians is an organization which has adopted a policy of advocating or approving the commission of acts of force and violence to deny others their rights under the Constitution of the United States, and has been cited by the Attorney General as coming within the purview of Executive Order 9835.

These aliens represented by GERHARD EISLER, [] and others are a menace to the lives and property of every loyal citizen and must be weeded out and exposed.

The American way of dealing with treason is to expose it to the public view and then organize people into a body strong enough to demand legal action by our elected and appointed officials.

The Red leadership in America is essentially composed of minorities which, until now at least, has been appeased and catered to by professional politicians of both parties.

In January, 1950, FULTON LEWIS, Jr., Radio Commentator, advised MAC FARLAND that if he (MAC FARLAND) possessed evidence that ties in with the charge of Communist infiltration in the Department of Justice, Senator MC CARTHY would be pleased to have it.

The informant was unable to furnish any information which indicated that MAC FARLAND was in possession of evidence of Communist infiltration in the Department of Justice.

Positions Held in Other Organizations

b2

Confidential Informant [] advised on September 13, 1950, that he had heard [] of the paper Common Sense, compliment MAC FARLAND on having been elected a delegate to the Federation of American Citizens of German Descent. b7C

According to the informant, MAC FARLAND had advised that this group held a convention in Baltimore, Maryland, in September, first through the fourth, 1950. It formulated a program which was to have an important bearing upon future developments in this Country's battle against Communism and threats to our

personal freedom and national independence. The details of this program were not made known.

In the April, 1951, Newsletter, MAC FARLAND mentions that on April second, third, and fourth, he was in Washington, D. C., to attend a conference of American Small Business Organizations, as a delegate representing the American Flag Committee and was elected Chairman of the conference committee on Foreign Affairs.

MAC FARLAND's purpose of attending this conference was to present a report on "The scheme to use the treaty-making power of the U. S. Senate to impose upon our Nation a program of socialistic legislation and control."

Correspondence with Other Nationalist Organizations

b2

During the past six months Confidential Informant [] has advised that MAC FARLAND received numerous articles and publications, issued by Nationalist groups throughout the United States and foreign countries. For the most part, these Nationalist organizations endorse the same aims and goals, and are in opposition of the same things. A review of the large quantity of Nationalist literature reflects that these groups are (1) anti-Communist, (2) anti-Jewish, (3) opposed to the United Nations and any legislation adopted by this Country which would entangle us with other countries and threaten our national independence, and (4) opposed to the present Administration and the majority of our Government leaders.

These groups exchange literature and correspondence and aid each other by urging their members and supporters to purchase Nationalist literature and subscribe to Nationalist publications. The majority of the Nationalist groups are small and operate on limited funds, but wage a continuous campaign to influence members of Congress to fight for or against certain proposed legislation. It is noted that the chief target of these groups since the outbreak of hostilities in Korea has been the United Nations, which is generally referred to as a cover for spies and traitors and an organization designed to strip Americans of their Constitutional rights.

Through the cooperation of Nationalist groups which MAC FARLAND maintains contact with, he has managed to receive a substantial amount of advertising for his American Flag Seal Campaign and Nationalist publications. He has sent American flag seals to most of these groups for distribution to their members.

Merger of MAC FARLAND's Nationalist Action League

During the past two years, information has been received which indicated that [redacted] the National Renaiss-
ance Party, Beacon, New York desired to bring about a merger be-
tween this group and MAC FARLAND's Nationalist Action League. There
was also some indication that [redacted] the
Loyal American Group Union, New Jersey, and MAC FARLAND had dis-
cussed the possibility of merger of this organization.

MAC FARLAND has corresponded with both [] and [] over the past six months, but the informant is of the opinion that no steps have been taken to execute a merger between the Nationalist Action League and either of these other two organizations. b7C

Evidence of Factionalism Among Nationalist Groups in the East Coast Area

In September, 1950, [] the National Renaissance Party, complimented MAC FARLAND on the work he had been doing in Philadelphia and throughout the Nation in combatting world federalism. [] mentioned, however, that he regretted MAC FARLAND's verbal attack on [] who is the [] of the National Renaissance Party.

In a subsequent letter to MAC FARLAND, [] stated that the nationalist groups are trying to create a single political party on the East Coast, and that this objective could be attained only by mutual trust and cooperation.

[] told MAC FARLAND that he recognized that it is hard work uniting the Nationalists on the East Coast into one political party, but that Nationalist groups throughout this area were achieving their goal, even in the financial sense. He said further that this goal, however, will be seriously menaced if MAC FARLAND and [] refuse to become friends and associates in this movement. b7C

Efforts To Bring About The Removal Of The
N.A.L. From The Attorney General's List Of
Subversive Organizations

On September 28, 1950, MAC FARLAND wrote to United States Senator FRANCIS MYERS, stating that several months prior to this date, he had requested Senator MYERS' aid in obtaining a hearing for the Nationalist Action League, of which he is Director and which had been cited as subversive and Fascist by the Attorney General. According to the informant, this letter reflects that Senator MYERS did write to the Attorney General on MAC FARLAND's behalf and received a reply from Deputy Attorney General PEYTON FORD, stating that the Executive Order under which the Nationalist Action League had been cited provided no provisions for such a hearing as MAC FARLAND requested. The informant goes on to state that MAC FARLAND told Senator MYERS that inasmuch as the law known as the Subversive Activities Control Act has now been passed, which provided for quasi-judicial hearings before a Presidential Board of Review, he has written to the Attorney General on his own to demand that he proceed to recite the Nationalist Action League under the terms of this new law.

The informant is of the opinion that MAC FARLAND was desirous of having the Nationalist Action League recited under the provisions of this new act so that a hearing might be granted him, in which he could set forth his reasons as to why the Nationalist Action League should not be on the Attorney General's list of subversive organizations.

On January 7, 1950, FULTON LEWIS, Jr., advised MAC FARLAND that it would be impossible for him to take up his case concerning the Nationalist Action League at this time. SYNOPSIS OF FACTS: W. HENRY MAC FARLAND, JR. still resides at 876 Granite St., Phila., Pa., from which address he conducts affairs of Nationalist Action League, of which he is a Director, and of its sub-organization, the American Flag Committee. Most of his present activities concern the latter, although he is in contact with several other Nationalist organizations. Policies advocated by MAC FARLAND, as reflected in his writings, include opposition to the present Administration, minority groups, and the United Nations. His criticism of the UN is given most emphasis and he is supporting MAC ARTHUR as the Presidential candidate favoring nationalism. A pamphlet called the Newsletter, a monthly periodical of the American Flag Committee, and articles entitled MACro-Scopes, which appeared in an American Legion periodical until recently discontinued, have been chief instruments expressing MAC FARLAND's views. Efforts to have Nationalist Action League removed from Attorney General's list have been unsuccessfully continued and Legion officials refused to continue publication of MACro-Scopes until such removal, following radio and newspaper criticism of MAC FARLAND and the NAL.

DETAILS:

Unless otherwise specified, all Informants mentioned in this report are of known reliability.

I. BACKGROUND

b2 Informant [] According to information furnished by Confidential Informant [] during the period of the past several months, W. HENRY MAC FARLAND, JR. continues to reside at 876 Granite Street, Philadelphia 24, Pa., from which address he conducts the affairs of the Nationalist Action League, of which he is the Director, and of its sub-organization, the American Flag Committee, of which he is also the head. MAC FARLAND has no other occupation and he is the only individual in Philadelphia active in these organizations. For some months, there has been relatively little activity on MAC FARLAND's part in connection with the Nationalist Action League as such, most of his work having been performed in the name of the American Flag Committee.

As previously reported, MAC FARLAND is known to possess b2 equipment consisting of a typewriter, a mimeograph machine, and b7D an addressograph. In addition thereto, Confidential Informant [] advised on [] that MAC FARLAND had []

On behalf of the American Flag Committee, MAC FARLAND publishes a monthly four-page mimeographed pamphlet known as the Newsletter at a price of 20 copies for \$1.00 and, so far as is known to Confidential Informant [] this revenue and any b2 voluntary contributions received in connection with speaking engagements at various functions, constitute MAC FARLAND's only source of income.

II. ACTIVITIES ON BEHALF OF
AMERICAN FLAG COMMITTEE

As previously reported, MAC FARLAND formed the American Flag Committee as an organization to control and give impetus to the American Flag Seal Campaign in September, 1950. Except for the publication of the Newsletter and the distribution of miscellaneous literature and correspondence on various topics as

issues arise, this distribution of flag seals has been the only activity of importance engaged in by MAC FARLAND in connection with the organization, but it has been continued without interruption, has been rather wide-spread, and has been the basis for the founding of several other chapters of the AFC in other sections of the country. These new chapters, in turn, have appeared to restrict their activity mainly to the distribution of the flag seals and the Newsletter.

The following material reflects specific examples and the scope of MAC FARLAND's activity on behalf of the AFC. b2

On August 1, 1951, Confidential Informant [] made available the first three pages of the Newsletter for June, 1951, consisting of mimeographed sheets, stated to have been published by the American Flag Committee, 876 Granite Street, Philadelphia, and listing the officers thereof, including W. HENRY MAC FARLAND as National Chairman. It was indicated that the circulation of that issue was 600 copies.

In that periodical, MAC FARLAND stated that in 1946 it was popular for "one worlders and Administration hacks to neutralize the logic of their critics by branding them as 'Fascists!'", and that the trend was now for the "internationalists and New Dealers" to scandalize these same loyal Americans as "Communists or Communist Sympathizers."

MAC FARLAND also cited occurrences in May, 1951, which indicated that these changes in label had been implemented. The first of these was described as []

[] As the second of these occurrences, MAC FARLAND told how the "Communist label was affixed to the Daughters of the American Revolution" when they distributed an article by [] at the General Federation of Women's Clubs, which met at Houston, Texas, on May 14, 1951.

It is noted that the content of other issues of the Newsletter is hereinafter discussed under appropriate headings, in accordance with the subject matter of the particular issue.

On July 17, 1951, [] Pa., advised that W. HENRY MAC FARLAND appeared at a public meeting in Lansdowne, Pa., in July, 1951, and urged those present to join the AFC, which MAC FARLAND described as a private

business enterprise. [] made available the APC Newsletter for April, 1951, which was distributed by MAC FARLAND at the meeting in Lansdowne. In this Newsletter, MAC FARLAND indicated he had been permitted to attend as a delegate the Conference of American Small Business Organizations held in Washington, D. C., at the Wardman Park Hotel on April 2, 3 and 4, 1951. MAC FARLAND represented the APC at this conference and stated that he was elected Chairman of the Committee on Foreign Affairs. MAC FARLAND also stated in the Newsletter that through his efforts the latter Committee, the Resolutions Committee, and the entire body of delegates at the Conference had approved and adopted a resolution calling upon Congress to amend the Federal Constitution as to (1) prevent ratification of treaties which violate the basic domestic laws of our nation and the several states; (2) subject all treaties to judicial review with a view toward determining the constitutionality of disputed sections; (3) require a two-thirds vote of the entire Senate membership in order to ratify a treaty rather than only two-thirds of the members who may be on the floor at the time a ballot is taken.

III. CONTACTS WITH OTHER NATIONALIST ORGANIZATIONS

b2

During the past several months, information received from Confidential Informant [] has indicated that MAC FARLAND has corresponded with representatives of various Nationalist groups throughout the country, exchanging literature in support of the views which they mutually hold. All of these groups share MAC FARLAND'S stand in opposing the United Nations and any legislation allying us with other nations, as a threat to the continued existence of our independent sovereignty. Along with MAC FARLAND, they also view Communism and the Jewish Race as instruments through which our Democratic institutions will be completely destroyed in the absence of vigorous opposition and they generally favor MAC ARTHUR as Republican candidate for President as opposed to EISENHOWER, who is considered the tool of those seeking World Government.

Through the solicitation of MAC FARLAND and by other indirect means, these Nationalist groups have also taken an active part in advertising the Flag Seal Campaign of MAC FARLAND'S American Flag Committee and they have obtained and distributed many of these seals, which has stimulated the functioning of chapters of the American Flag Committee in various sections of the United States.

IV. POLICIES ADVOCATED BY MAC FARLAND

A. OPPOSITION TO
ADMINISTRATION

b2

On May 2, 1951 Confidential Informant [] made available a copy of a letter written by MAC FARLAND and addressed to [] in which he opposed the latest Administration Drive to replace General DOUGLAS MAC ARTHUR with a General who would acquiesce to the ACHESON-MARSHALL-ROSENBERG policy of sending Americans to certain death in Korea. MAC FARLAND stated that events which had transpired since June 25, 1950 had clearly demonstrated that it was a deliberate, premeditated program designed to bring about the massacre of as many American troops as possible prior to concluding a negotiated peace with the Chinese Communists. Continuing, MAC FARLAND claimed that the "criminals in our State Department had not blundered, but what the general public accepts as blundering has followed a clearly defined pattern of behavior, set to the objective of issuing a statement in Korea whereby the maximum number of Americans may be killed outright or return home no longer fit for the duty of defending their nation, in case of attack by Soviet Russia." The Informant did not know whether this letter had actually been mailed to []

B. OPPOSITION TO
MINORITY GROUPS

b7C

On May 2, 1951, Confidential Informant [] made available a copy of a letter dated April 14, 1951, addressed to [] House Office Building, Washington, D. C., written on the letterhead stationery of W. HENRY MAC FARLAND, JR. In this letter, MAC FARLAND stated that [] remarks concerning the need for segregation in our Armed Forces, as contained in the appendix to the Congressional Record of April 12th, met with his approval. MAC FARLAND went on to state that the Negro population of America was being deliberately agitated by a score of pressure groups, 90% of which were controlled or dominated by Jewish people. MAC FARLAND upheld [] as the only man now in Congress who is courageous enough to speak out against these pressure groups.

MAC FARLAND listed what he called the most vicious of these pressure groups as (1) the Non-Sectarian Anti-Nazi League, (2) the Anti-Defamation League, (3) the Friends of Democracy, (4) the American Jewish Congress, (5) the National Association for Advancement of Colored People.

The Informant was unable to state whether the letter in question had been sent to Representative [redacted]

C. OPPOSITION TO FEPC

On August 8, 1951, Confidential Informant [redacted] made available the first page of a typewritten letter dated July 11, 1951, addressed to the [redacted] on stationery of the American Flag Committee, on which the name of WILLIAM HENRY MAC FARLAND, JR. appeared as Chairman.

The letter complimented [redacted] on the part he played in the "outright defeat of the Fair Employment Practices Commission by 14 Judiciary Committee members who placed principle before political expediency." It went on to state that the Leftist and Professional FEPC agitators would begin attacking the Republican Party charging broken campaign promises and claimed that the best manner of dealing with these attacks would be the adoption of offensive measures, including immediate steps toward the end that a pro-FEPC plank should not be included in the 1952 GOP Party Platform.

The Informant was unable to advise whether the above mentioned letter was actually transmitted to [redacted]

D. OPPOSITION TO THE UNITED NATIONS

On August 8, 1951 Confidential Informant [redacted] made available a typewritten letter dated July 14, 1951 on printed stationery of the American Flag Committee and addressed to Representative USHER L. BURDICK. The stationery listed W. HENRY MAC FARLAND, JR. as Chairman of the AFC. The letter congratulated BURDICK on his insertions in the Congressional Record of July 5 and 11, 1951 regarding the United Nations, its destruction of U. S. sovereignty, and the need for principled patriotic American leadership in 1952. It was further suggested that Representative BURDICK introduce "appropriate legislation to rescind the United Nations Charter" before there is

"complete integration of the U. S. and the North Atlantic 'Democracies'" and we cease to exist as a free nation. The Informant did not know whether this letter or a copy thereof was mailed to Representative BURDICK.

On December 12, 1951, Confidential Informant [] made available a leaflet obtained from W. HENRY MAC FARLAND, JR. entitled "The 82nd Congress Must Abolish the United Nations." The leaflet suggested that such action must be taken "if we are to have a fighting chance to survive the coming showdown with the butcher 'Government' of Soviet Russia."

On December 12, 1951, Confidential Informant [] made available a copy of Newsletter #13 for October, 1951, prepared by the American Flag Committee, entitled "A Report to the American People on UNESCO." In this Newsletter, MAC FARLAND described UNESCO as being "a subversive organization consciously furthering a campaign calculated to pervert the teaching profession in this country, and to destroy the work and integrity of America's first bulwark of freedom - our tax-supported public schools." MAC FARLAND continued by stating that UNESCO's scheme to pervert public education appeared in a series of nine volumes entitled "Towards World Understanding" which presume to instruct kindergarten and elementary grade teachers in the fine art of preparing our youngsters for the day when their first loyalty will be to a World Government of which the United States will form but an administrative part.

In describing these booklets, MAC FARLAND states that they read like the propaganda put out by the United World Federalists, Inc., which has been denied tax exemption because of its specifically political nature.

Through information received at various times from Confidential Informant [] it is known that this issue of the Newsletter received considerable publicity and that MAC FARLAND received numerous requests from individuals throughout the United States for additional copies.

Confidential Informant [] also advised on December 12, 1951 that MAC FARLAND claimed the above mentioned Newsletter concerning UNESCO had been reprinted in the Congressional Record, had been favorably reviewed by [] a new commentator in the Northwest Section of the United States, and had been released as a news story in the October 27, 1951 issue of the "Brooklyn Tablet", which MAC FARLAND described as a leading Catholic newspaper.

In this connection, it is noted that on May 15, 1952, Confidential Informant [] made available a printed excerpt from the Congressional Record containing the remarks of [] in the form of AFC Newsletter #13, which was read by him into the Congressional Record on October 18, 1951. b7c

On January 15, 1952, Confidential Informant [] made available a mimeographed memorandum, dated November 16, 1951, entitled "Subverting Public Education in Philadelphia." This memorandum, which the Informant obtained from MAC FARLAND, was addressed to "All Clergymen in the City and County of Philadelphia" and it was distributed by the AFC. This memorandum was to be accompanied by MAC FARLAND's Newsletter #13 on UNESCO and, according to [] was being distributed for the purpose of arousing interest among the Philadelphia Clergymen in the AFC and against the UN. b2

On December 12, 1951, Confidential Informant [] made available AFC Newsletter #14 for November, 1951. In this Newsletter, MAC FARLAND condemned the UN flag and the practice of flying this flag in preference to the United States flag. He cited an instance wherein the City of Denver, Colorado, allowed the UN flag to fly above the American flag. MAC FARLAND also pointed out what he considered to be the similarity between the UN flag emblem and the Soviet Arms Emblem. b7D

On December 27, 1951, Confidential Informant [] made available a copy of AFC Newsletter #15 for December, 1951, which the Informant had obtained from MAC FARLAND. This paper again attacks the UN and UNESCO, (the United Nations Educational, Scientific and Cultural Organization), branding the latter as "a part of the overall drive being carried on by all UN agencies to reconstitute the world body as an international ruling power." In this Newsletter, MAC FARLAND indicated that commencing in January, 1952, the monthly reports of the AFC would be known as the "Philadelphia Newsletter" rather than the "Newsletter", and also that the "Philadelphia Newsletter", as well as the other correspondence emanating from the AFC, would bear a newly designed AFC insignia. b2

On March 12, 1952, a copy of AFC Newsletter #16 for January, 1952 was received from Confidential Informant [] This Newsletter, captioned "1952 - A year for Courage and Active Citizenship" calls for a complete "repudiation of internationalism as a principle of United States foreign policy." It is pointed out that the two leading World State Pressure Groups, the United World b2 b7D

Federalists, Inc., and the Atlantic Union Committee, (although differing somewhat in their programs since the latter opposes UFW's plan to include Soviet Russia in a proposed World Government), are both cooperating toward the central objective of destroying the United States as an independent sovereign nation. MAC FARLAND then urged the support of proposed legislation to remove the United States from the United Nations and opposition to measures through which large numbers of additional aliens would gain admittance to this country. The letter concluded by invoking all voters to support only candidates who publicly introduced the above policies.

E. OPPOSITION TO EISENHOWER

On August 8, 1951, Confidential Informant [] made available a typewritten letter on the printed stationery of W. HENRY MAC FARLAND, JR., addressed to Representative [] Washington, D. C., dated July 14, 1951. In this letter, MAC FARLAND opposed the nomination of General DWIGHT D. EISENHOWER as the Republican candidate for President in 1952, condemning him for permitting "the Red Army to occupy nearly half of the Western Old World" and questioning whether the decorations received by EISENHOWER from a high Red Army Officer "were so presented as a genuine token of appreciation for services rendered." The Informant did not know whether this letter or a copy thereof was ever sent to Representative []

F. ENDORSEMENT OF MAC ARTHUR

Confidential Informant [] indicated on April 1, 1952 that MAC FARLAND had stated, as of March 25, 1952, that he had been working very closely with "Fighters for MAC ARTHUR" in Pennsylvania since last December and was on the ballot in the Fifth Congressional District as a MAC ARTHUR-pledged delegate-candidate to the Republican National Convention.

In fact, on April 18, 1952, the same Informant advised that MAC FARLAND's name appeared as the writer of a form letter on the letterhead of "Fighters for MAC ARTHUR", the Pennsylvania headquarters of which was indicated as [] Pa. This letter was addressed "Dear Fellow-American", and urged a large write-in vote for MAC ARTHUR in the primary election in Pennsylvania on April 22, 1952 and vigorous support to secure his election to the Presidency in order that he might defend the country from Communism and "the forces of evil shall endanger our national being."

128
100E In the April, 1952 Newsletter #17, made available on May 15, 1952 by Confidential Informant [] MAC FARLAND characterized the claim that the EISENHOWER-For-President Campaign represented a "grass-root citizens movement" as one of the greatest frauds ever perpetrated upon the American public. He indicated that EISENHOWER was being groomed by skilled political planners who might try to obtain for him the Presidential nomination on the tickets of both major political parties and thus retire our two-party system of government from operation as the first step toward internationalism. He then urged the support of MAC ARTHUR as the standard-bearer who could preserve our national intelligence and present form of Government. He also urged a re-alignment of the two party system to make it conform to the two basic ideologies of nationalism and representative Government on the one hand, as opposed to internationalism and government by executive decree on the other.

MAC FARLAND concluded by explaining that lack of sufficient financial support to provide paid workers had thrown the full task of all of the organization's work on him and that urgent activities requiring prior attention had necessitated the omission of Newsletter for the months of February and March, 1952.

Although the title of the periodical "Newsletter: remained the same, it did contain for the first time the new AFC insignia (promised in the December, 1951 Newsletter), as a part of the heading. This insignia consisted of the initials AFC surrounded by a circular border, within which appeared the motto "Loyal to God and the Republic.

V. EFFORTS TO HAVE NATIONALIST
ACTION LEAGUE REMOVED FROM THE
ATTORNEY GENERAL'S LIST

MAC FARLAND has continued his efforts to have the Nationalist Action League removed from the list of organizations compiled by the Attorney General of the United States pursuant to the provisions of Executive Order 9835.

On December 18, 1951, Confidential Informant [] made b2 available a letter, dated December 13, 1951, prepared by MAC FARLAND, in which he summarized the steps in this struggle, as well as his general activities in connection with the NAL. This letter in part is as follows:

"In 1948 I established the Committee for Nationalist Action, whose ONLY purpose was to oppose the New Deal faction at the National Convention, and to support the Southern Democrats in their opposition to the Trumanites. We distributed literature and operated a sound truck -- nothing more. Later in that year, I organized the Nationalist Action League (the Committee for Nationalist Action having been set up as a temporary body only). Until April, 1949, the ONLY activities engaged in by the League were those (1) opposing Socialized Medicine, and (2) a hard and successful battle to defeat FEPC legislation at Harrisburg, where four separate votes were required to kill it.

"Approximately a week after the Legislature adjourned, Attorney-General Clark issued his supplemental list of organizations alleged to be subversive. It included both the Committee for Nationalist Action and the Nationalist Action League.

"On May 3, 1949, I journeyed alone to Washington, to protest. In a notarized statement, I charged the Attorney-General's Office with circulating libellous charges against our groups, and my voluntary oath of loyalty to our Government was submitted to permit my arrest on charges of perjury, if the Justice Department could present evidence of subversive activity on my part.

"Appeals to the Attorney General for a complete investigation of myself and my groups, and for a PUBLIC review of the entire matter, were fruitless. I appealed to the House Committee on Un-American Activities for a hearing, but was advised that since the Committee had not cited my groups, it could not act as a review board for the actions of the Attorney General. I then contacted the President's Loyalty Review Board, with the same negative response coming from [redacted] My appeals of Congress went without action, and I had no funds with which to fight the matter in the courts."

b7C

On January 9, 1952, Confidential Informant [] made available a mimeographed letter, dated September 25, 1950 on the stationery of the NAL, which was addressed to the Honorable J. HOWARD MC GRATH, U. S. Attorney General, Washington, D. C. This letter in content is somewhat similar to the above mentioned letter and demands that the Attorney General afford the NAL a hearing in accordance with the Subversive Activities Control Legislation. MAC FARLAND again insists that the NAL should be cited as subversive rather than Fascist so that procedure provided by the new legislature to secure a hearing and refute that charge might be invoked.

VI. CONTROVERSY RE MACRO-SCOPES

In September, 1951, W. HENRY MAC FARLAND, JR. began writing a column entitled "MACro-Scopes" for the weekly publication "Legion Post." In the heading of the "Legion Post", a statement appears indicating that the paper is the official veterans publication for Delaware County, Pa.

The articles, written by MAC FARLAND which appeared in the "Legion Post", are hereinafter set out by title followed by a summary of the subject matter.

"United World Federalists and UNESCO - A Dangerous Team"

This article describes the United World Federalists, Inc., as being one of the "leading political pressure groups operating to convert the UN into an all-powerful World Government." MAC FARLAND also criticizes UNESCO and he did in the AFC Newsletter #13.

"Some Things to be Learned About Treaty Law"

In this article, MAC FARLAND expresses his alarm over the fact that treaties can become law merely by Senate ratification and compares this procedure to the ordinary rule of legislative procedure requiring adoption of the law by both Houses of Congress. MAC FARLAND claims that the UN was established through "Treaty Law."

"The Genocide Convention"

MAC FARLAND states that the Genocide Convention was proposed by the UN to outlaw mass extermination of any racial, religious, political, or national group. However, he stated the Genocide Convention was actually a step toward superseding the Constitution as the supreme law of the United States.

"Preserving Our Heritage"

In this article, MAC FARLAND states the Constitution and the laws now in existence offer no protection to the American public against elected or appointed office holders and political groups who misuse their public power by misapplication of the existing laws.

MAC FARLAND claims that a public office holder "may exercise his rights of free speech, freedom of the press, peaceable assembly and petition, and manage to stay well within the letter of the laws governing each, but morally he may be a traitor and be perverting his American heritage in order to destroy it."

"Trinity of Freedom"

In this article, MAC FARLAND upholds popular sovereignty and the representative form of government. He points out that popular sovereignty is a target for attack by such groups as the United World Federalists, Inc., and the Atlantic Union Committee.

"Too Many Flags"

MAC FARLAND is very critical of the UN flag and his remarks in this article are similar to those appearing in the November, 1951 Newsletter.

"A Suggestion for General Hester"

In this article, MAC FARLAND is critical of [redacted] the Philadelphia Division of the Crusade for Freedom, because of [redacted] approval of the United World Federalists, Inc.

"Evolution of a Menace"

The [redacted] on radio station WPEN, Philadelphia, is criticized by MAC FARLAND, who received an unfavorable commentary by [redacted] on this program. MAC FARLAND objects to [redacted] being allowed to express political opinions on a radio program which originally began featuring recorded music.

"From Your Columnist's Notebook"

This article contains comments by MAC FARLAND concerning UNESCO and the pending State Legislation on Loyalty Oaths.

"A Challenge United World Federalists, Inc. Dares Not Accept"

MAC FARLAND relates how his previous articles about UNESCO and the United World Federalists, Inc. were discussed at a meeting of the United World Federalists, Inc., at which MAC FARLAND was present. MAC FARLAND stated that during the discussion of his articles he identified himself to those present as being the author of the articles and challenged the United World Federalists, Inc. to debate at a public meeting the question "Shall the American People Support the Principles of World Government."

"UNESCO and the Pechan Bill"

Support of the Pechan Bill, Pennsylvania State Legislation requiring State employees to take a Loyalty Oath, is expressed by MAC FARLAND in this article. He claims that opposition to this law is backed by individuals who would support UNESCO.

[redacted]

This article by MAC FARLAND concerns the organization, Friends of Democracy, Inc., with headquarters in New York. MAC FARLAND claims that [redacted] Friends of Democracy, Inc., used the alias [redacted] as well as others, in correspondence to collect information for "smear purposes." MAC FARLAND describes Friends of Democracy, Inc. as being "a privately-financed gestapo which threatens the character and personal honor of every American who dares utter sentiments with which it takes exception."

"The Man Who Wouldn't Throw A War"

MAC FARLAND compares "fixed" college basketball games with the Korean War and states that General DOUGLAS MAC ARTHUR was removed from his command because victory in Korea was his goal. According to MAC FARLAND, the Korean War was planned so that the United States could not win and MAC ARTHUR's desire for victory was upsetting these plans.

As indicated above, the article entitled "Evolution of Meance", which appeared in the November 28, 1951 issue of the "Legion Post" attacked the [redacted] retaliated by subsequently broadcasting adverse comments concerning MAC FARLAND.

On December 27, 1951, Confidential Informant [redacted] made b2 available a copy of a letter, dated December 1, 1951, addressed to [redacted] Radio Station WPEN, Philadelphia, the original of which had been apparently sent to [redacted] by MAC FARLAND. The letter discussed the allegations made against him by [redacted] radio program and MAC FARLAND demanded that Station WPEN furnish him an opportunity to defend his personal integrity against the charges made which implied that he was "either an actual or potential traitor" to his country.

On December 7, 1951, [redacted] in his column entitled "In Our Town", appearing on Page 4 of the Philadelphia "Evening Bulletin", made the following attack against MAC FARLAND and his writings.

"FROM THE TOP SECRET FILE: Ever hear the name of W. HENRY MAC FARLAND, JR.?"

"The American Legion members in Delaware County have.

"He's been writing a column in their official publication, 'The Legion Post.' Among other things he's attacked the United World Federalists - and also the opponents of the Pechan Loyalty Oath bill.

"Here's something else the legionnaires might like to know about MAC FARLAND:

"In its 1949 'Exposure of Hate Groups', as printed in the Congressional Record, the Illinois Legion's Americanism commission talks about some of the outfits 'whose purpose and technique are contrary to the basic & legal values of American citizenship.' Included in the list is this notation:

b7C "'Nationalist Action League, Philadelphia, Pa., W. HENRY MAC FARLAND, JR., leader. The Nationalist Action League was recently set up by MAC FARLAND, a Philadelphia extremist. It is a political action group, aimed at influencing voters and legislation. MAC FARLAND works closely with such known rabble-rousers as [redacted] of the National Blue Star Mothers, GERALD L. K. SMITH, etc.'"

"And in its May 14, 1951 'guide to subversive organizations' the House Un-American Activities committee includes under the sub-heading for groups classified as 'fascist': 'The Nationalist Action League ...'"

b7C
b7D On December 8, 1951, [redacted]

[redacted] Pa.

[redacted] advised that the paper "Legion Post" [redacted] and that the American Legion Posts in Delaware County pay [redacted] for the publication and distribution of the paper to legionnaires in Delaware County. According to [redacted] each Legion Post submits news items to [redacted] for inclusion in the weekly paper and, although it is not an official publication of the

American Legion, it is indirectly controlled by the various posts. [] advised that the Americanism Committee of the American Legion would make an investigation of MAC FARLAND to determine if the allegations made by [] were true and, if so, the articles would be dropped from the paper. [] added that a meeting of the representatives of the Legion Posts in Delaware County would be held on January 4, 1952 to decide upon a course of action.

Subsequently, [] advised that at the last mentioned meeting MAC FARLAND appeared accompanied by an attorney, whose name he could not recall, and [] the [] Civilian Defense in Delaware County, who claimed to be [] and who spoke on behalf of MAC FARLAND. According to [] MAC FARLAND stated he wanted to defend his name against the unjust accusations which had been made and said he had appealed to the Government for a hearing in order to attempt to obtain a removal of the NAL from the Attorney General's list. [] also said that MAC FARLAND was questioned as to whether he believed in the principles expounded by GERALD L. K. SMITH and he disclosed that he did, while [] made the same admission.

[] further stated that it was concluded at this meeting that MAC FARLAND's articles should be dropped from the paper "Legion Post" until such time as his organization was removed from the Attorney General's List.

On March 12, 1952, Confidential Informant [] made available a copy of a letter dated January 17, 1952, addressed to [] by MAC FARLAND, who stated it was being sent line with his promise to keep [] posted as to developments. It well summarizes the controversy just described concerning MACro-Scopes in the following fashion:

"In September of the past year I began a weekly column for the LEGION POST, official Amer. Leg. publication of Delaware Co., Pa. In my column of Nov. 28th, I criticized disc jockeys who present political propaganda as entertainment. referring to [] as examples. [] had been misrepresenting the Legion's Loyalty Oath bill, then pending action at Harrisburg. When he obtained a copy of my column, he launched into a three-night assault upon my character, bringing in the action of the Attorney-General. He promised air time to me for
